## H. C. L. PROBE INDICTMENTS NUMBER 100

Five Cold Storage Firms, Three  
Packers and Five Commission  
Houses Are Accused.

FOR VIOLATING STATE LAWS

Indiana Statutes Provide Foodstuff  
Shall Not be Kept in Cold Stor-  
age More Than 9 Months.

SOME HELD FOR 23 MONTHS

Apples, Cheese, Pork, Potatoes and  
Other Produce Found in Indi-  
anapolis Storage Houses.

(By United Press)

Indianapolis, Ind., Aug. 6.—Five cold storage firms, three leading packers and five commission houses of Indianapolis were indicted today by the Marion county grand jury in the first report on the high cost of living investigation.

Approximately 100 indictments were returned, alleging violation of the Indiana cold storage law and the date health law, which provides that foodstuff shall not be kept in cold storage for more than nine months and requiring a stamp on the article showing the date of storage. This action was based on an investigation conducted by Claude Worley, special investigator of the police department.

An indictment against the Indiana Refrigerating company alleges that 800 pounds of cheese has been in storage since November 1, 1917, while the sky has gradually become its limit on cheese prices.

It is charged that the cheese had been in cold storage 23 months in violation of the Indiana law which prohibits storage longer than nine months.

That thousands of pounds of pork bearing no storage date, as required by law, as well as tons of potatoes and other produce was found here, it was charged in the indictment.

It is alleged in the indictments that there were more than 1,845 bushels of apples in storage at the plant of the Indiana Refrigerating company without date of storage, and also 395 barrels of apples with no dates on them.

Almost every kind of food that could be stored is listed in the indictments, which do not attempt to go into full details.

Following is a list of the firms indicted: Indiana Refrigerating company; the Holt Lee and Cold Storage Co.; the Crescent Packing company; Armour and Co., local packers; branch; Bessire and Co.; the Meier Packing Co.; The Kingan Co.; Geo. Hitz and Co.; E. F. Shidler and Co.; Frank Hartsock and Co.; the James Keach Co.; Bessess Brothers commission house.

SUPERVISOR NAMED

Washington, Aug. 30.—The secretary of commerce, upon the recommendation of the director of the census, has appointed Arthur W. Taylor, of Laporte, Laporte county, as supervisor of census for the thirteenth supervisor's district of Indiana, in place of Frank C. Folant, who declined appointment. The appointments for the remaining districts of Indiana have been named.

FORMER SOLDIERS MEET

Goshen, Ind., Aug. 30.—Former soldiers of Elkhart county—veterans of all wars—were to meet here today for a picnic. W. F. Medsker, Cambridge City, department commander of the G. A. R. and Past National Commander-In-Chief Orlando A. Sammers, of Kokomo were to address the assemblage.

## TO INVESTIGATE RIOTING

Wayne County Grand Jury Called to  
Probe Strike Trouble.

Richmond, Ind., Aug. 30.—William A. Bond, judge of the Wayne county circuit court here, issued a call yesterday afternoon for a special session of the Grand jury to investigate rioting that took place Thursday night in connection with a strike of molders at the plant of the Richmond Malleable Castings Company. The call was made on the request of Gath P. Freeman, the prosecuting attorney, who said that he would make an effort to fix responsibility for the destruction of property. A large number of witnesses are to be summoned.

## FARMERS AGITATED BY BREAK IN MARKET

Further Decline in Hog Prices To-  
day Makes Net Loss of \$2.25  
In Indianapolis This Week

BELOW \$20.00 LEVEL TODAY

Farmers were considerably agitated today when the news was received and passed from mouth to mouth that hog prices had declined fifty cents again, bringing the market below \$20.00 in Indianapolis for the first time in several weeks. The net loss in prices in Indianapolis this week alone has amounted to \$2.25. General sales today were at \$19.50.

Many farmers are of the opinion that the steady decline in the market is due to the agitation to reduce the high cost of living, and that the market will recover.

There is a class of farmers, who had made arrangements for public auctions of their personal property, who regret that they set the date so early, because of the belief that the market will get better. They argue that they could have sold their hogs in Indianapolis earlier and received a much better price than they are likely to get at their sale.

Stock raisers attribute the break in a measure to the panic among farmers who have rushed their hogs to market before they were ready, fearing that the price would go even lower.

## RETURNED SOLDIER DIES OF PERITONITIS

William Meyer, Age 23, Who Was  
Discharged Three Months Ago,  
Expires Early Today

SERVED COUNTRY OVERSEAS

William Meyer, a returned soldier, died early this morning at his home in Williamstown, death being caused from peritonitis, of which he had been ill only two days. Meyer was 23 years of age and was very well known in this county, being the son of James Meyer, a farmer of southern Rush county.

The deceased saw active service in France, and had only been discharged three months. He was in good health up until day before yesterday, when he was taken ill, and death resulted about 1:30 o'clock this morning. Besides his father, he is survived by two brothers. The funeral services will be held Sunday afternoon at the All Saints Church in Williamstown and burial will be made in the cemetery near there.

SENATE CONFIRMS PALMER.

Washington, Aug. 30.—In an executive session which lasted two hours and a half, the senate last night without a record vote confirmed the nomination of A. Mitchell Palmer to be attorney general.

## CITIZENS AROUSED BY FAIR GAMBLING

Public Aroused by Methods of Free  
Fair Association in Conduct-  
ing Exhibit This Year

NEWSPAPERS ARE QUOTED

Judging From Stories, It Seems to  
Have Been State Meeting of  
Association of Easy Marks

W. H. Blodgett, staff correspondent of the Indianapolis News, writes in the News today of the astounding conditions at the Fayette county free fair at Connersville last week which were repeated at the Shelby county fair at Shelbyville this week. The prevalence of gambling devices which were in the majority among the concessions, was the subject of comment by many Rush county citizens who attended both fairs. Mr. Blodgett says:

The whilom visitor to Connersville soon discovers that this town of placid cheerfulness is dreadfully agitated. The conscience of the public has been outraged by the board of managers of the Free Fair Association, who turned the concessions of that institution over to some sons of Belial, who supplied a lot of persons from Fayette, Union and other counties with a fine assortment of noiseless soap spoons and pie stretchers, and who brought gambling face to face with many of Connersville's staid citizens.

The free fair is an original Fayette county institution. Seventeen years ago James E. Roberts, of Indianapolis, gave the city of Connersville about eighty acres of land close to town. A fair association was organized and something new was started. It was a free fair. There are no gates and no admission was charged. It has been a wonderful success, but now the seventeenth annual session that has

Continued on Page Three

## SUGAR SUPPLY AGAIN WILL BE PLENTIFUL

Prospect of Limit on Sales Being  
Removed Early Next Month Be-  
cause of State Allotment

275 CARS PROMISED FOR SEPT.

There are prospects of the limit on sugar sales being lifted by the end of next week, according to word today from Stanley Wyckoff, federal sugar distributor for Indiana, to the effect that the sugar equalization board has allotted 375 cars to Indiana for September and that the first fifteen cars are now on their way from New York and Philadelphia refiners.

Canning has been delayed in many Rush county homes through inability of consumers to buy more than five or ten pounds of sugar at a time. Local dealers believe that the shortage was brought out by rumors of a shortage in July and the early part of August, which caused many thrift persons to hoard up a big supply.

In the meantime state supply for domestic use and for canners is restricted to two carloads of war department sugar from Fort Sill, Okla. The first of these cars arrived in Indianapolis last night and another is expected today or Monday.

From the 150,000 pounds in these two cars Mr. Wyckoff has set 60,000 pounds aside for Indianapolis home canning. Receipts of 250,000 pounds of war department sugar in the last week has been the means of saving between \$2,000,000 and \$3,000,000 worth of foodstuffs in Indiana canneries, Mr. Wyckoff estimates.

## NO DAMAGE DONE BY COOL WEATHER

Many Observers Are of Opinion That  
Low Temperatures Have Not  
Hurt The Crops

CORN NOT 'OUT OF THE WOODS'

It is Comparatively Safe and Gives  
Prospect of Good Yield—Frost  
Would Hurt Vegetables

What effect the cool weather of the past few days has had on the crops has been a matter of some comment lately. Leading agriculturists are of the opinion that the atmosphere, with its strong flavour of grigidity, has not done the least damage.

The corn crop, while it is not "out of the woods" is comparatively safe while fruit is in such condition as not to be subject to harm by an ordinary frost. The corn crop gives exceptionally promise of a banner yield.

A heavy frost before the middle of September would, however, play havoc with the vegetable crop. Beans, cucumbers, sweet potatoes, tomatoes, etc., would be ruined by Jack Frost's pincers.

According to the government weather prognosticators the cool spell is now practically over and a recurrence is hardly to be anticipated, at least for a few weeks.

Many householders have lately dragged out extra covers from attic archives and some have lighted the fires under hot water heating boilers. Not that the weather was so cold but the change was so sudden and severe to cause more or less shivering.

There are quite a number of folks hereabout who still believe in signs as prophecies and the weather of the next few weeks will be given a close scrutiny, the better to formulate predictions of "mild" or "stormy" winter.

## WILL TAKE UP BOND PETITIONS VERY SOON

State Tax Commissioners Will  
Probably Act on Four From Here  
in Next Few Days.

INFIRMARY IS AMONG THEM.

Indianapolis newspapers announced today that the state board of tax commissioners would turn its attention within the next few days to bond petitions, which indicates that four petitions from Rush county, which are pending, will be acted upon.

One of these is for permission to issue bonds in the sum of \$95,520 to build a new county infirmary and the other three are for road bond issues.

No one seems quite certain how the board will act on the infirmary petition. Much opposition to the plan to spend so much money on a new building, has developed in the county, and the state board is aware of this, but whether this will be considered as a factor by the board is not known. The board has made known that its policy is to keep down large bond issues to prevent increases in county expenditures next year. For this reason the petition of the county commissioners provides that the first of the county infirmary bonds shall not fall due until 1921.

The road bond petitions are: For \$36,960 to build the Power cement road north of Rushville to the Jackson township line; for \$10,640 to build the Luther Hungerford road on the Rushville-Walker township line, and for the Moore road in Richland township.

## JOSEPHINE MESLING DIES

Wife of George Messling Expires  
Late Friday of Pueral Fever.

Mrs. Josephine Mesling, age 36, wife of George Mesling, died late yesterday afternoon at her home in East Fifth street, death being caused from pueral fever, following child-birth. The infant son was buried a week ago yesterday, and the mother was in a serious condition all week, with little hopes for her recovery. The deceased is survived by two children, Bertha and William, and the husband. Funeral services will be held Monday morning at nine o'clock at the St. Mary's Catholic church and burial will be made in Cavalry cemetery.

## PERSHING REFUSES TO TESTIFY TODAY

Gives as Reason That it is Impos-  
sible to Unpack Records of A. E.  
F. on Eve of Departure.

BLAND ISSUES STATEMENT

(By United Press)

Paris, Aug. 30.—General Pershing refused today to testify before the congressional committee inquiring into America's war expenditures in France.

Following Pershing's refusal to testify, Congressman Bland, Indiana, chairman of the committee, issued a statement declaring that his action was a typical example of the war department's indifference and its contempt for the wishes of the people.

Replying to Bland, Pershing said he had no desire to conceal the records of the American Expeditionary Forces which were open in every way. He added, however, that on the eve of his departure for home it would be physically impossible to grant the committee's request as it would be necessary to unpack records relating to the affairs of the American Expeditionary Forces.

## ONLY INTERVENTION WILL AVERT STRIKE

President Believed to be Only Per-  
son Who Can Prevent Walkout  
by Union Steel Men.

NO REPLY FROM JUDGE GARY

(By United Press.)

Washington, Aug. 30.—Intervention by the president today appeared to be the only thing that will avert a strike of union workers in the steel industry if they attempt to carry out their threats.

The time limit given Judge Gary, head of the United States Steel Corporation for reply to the last letter of the steel workers' committee requesting a conference, had expired without a reply being received.

Early today when a reply was still lacking, John Fitzpatrick, head of the committee, declared there was nothing more to be done.

President Gompers presented the case of the steel men to the president along with an outline of the general labor situation yesterday.

NEW \$50,000 PLANT FOR OIL

Elkhart, Ind., Aug. 30.—The Standard Oil company will erect a new plant at a cost of \$50,000. It will be as artistic structure of steel and concrete with brick facing. The depot will include a warehouse a garage and an office.

NEW REVOLT IN BUDAPEST

London, Aug. 30.—A new revolution has broken out in Budapest, it was reported today in a dispatch from Amsterdam through the Central News agency.

## ASSESSMENTS OF TWO ARE CHANGED

Carthage Board and Paper Co. is  
Valued at \$232,500 For Taxa-  
tion Purposes by State Board

A REDUCTION OF \$257,500

Milroy Drain Tile Co. Increased  
From \$11,200 to \$25,000—Report  
on Corporations Today

The assessments of the Carthage Board and Paper company and the Milroy Drain Tile Co. were the only ones in the county which were changed by the state board of tax commissioners, according to an announcement today by the state body, of the appraisements which had been reduced or increased below or above the figures certified to them by the county board of review.

Since the Carthage and Milroy concerns' assessments were the only ones from Rush county in the list received by the county auditor today, it is presumed that all other corporation assessments were left at the figure fixed by the Rush county board of review.

The state board assessed the Carthage corporation at \$232,500 and the local board fixed the taxable value at \$490,000, which is a reduction by the state board of \$257,500. The Carthage concern was assessed at \$28,000 last year. The Milroy company's assessment was raised from \$11,200 to \$25,000, an increase of \$13,800.

The combined taxable value of the fourteen corporations in the county is \$974,500, as finally fixed by the state board, which represents an increase of \$832,950, counting two corporations which were not in existence on March 1, 1918. The increase amounts to something like eight hundred percent.

Last year's assessments of corporations, and this year's as finally passed on by the state board, are as follows:

Carthage Board & Paper company, \$232,500 this year and \$28,000 last year.

Pitman and Wilson, \$6,000 this year, not in existence March 1 last year.

Rushville Glove company, \$50,000 this year, \$9,000 last year.

Knecht Clothing company, \$12,000 this year, \$3,500 last year.

Arbuckle and company, \$25,000 this year, \$5,000 last year.

Pinnell-Tompkins Lumber company, \$115,000 this year, \$10,000 last year.

The R. H. Jones company, \$35,000, not in existence March 1 last year.

Weeks Fresh Meat and Provision company, \$8,000 this year, \$1,200 last year.

Park Furniture company, \$100,000 this year, \$11,500 last year.

Chas. E. Francis company, \$86,000 this year, \$13,900 last year.

Innis-Pearce company, \$220,000 this year, \$43,000 last year.

Rushville Furniture company, \$40,000 this year, \$8,000 last year.

Milroy Drain Tile company, \$25,000 this year, \$4,000 last year.

Republican company, \$20,000 this year, \$4,450 last year.

While the new tax law provides that no taxing unit may have a rate to exceed \$1.50 on the hundred dollars unless permission is given by the state tax board, a municipality may raise the same amount of money next year as was derived from taxation this year, according to members of the state tax board.

This explanation is taken to mean that Rushville may have a tax rate in excess of \$1.50 on the hundred dollars in 1920, if it is required to raise the same revenue as was used this year. There is every reason to believe, however, that the city tax rate will not be much above \$1.50.

NO ACTION ON PLUMB PLAN

Gompers Says A. F. L. Executive Council Will Examine Scheme

Washington, Aug. 30.—Samuel Gompers, president of the American Federation of Labor today, announced that the executive council had decided that the Federation will take no stand at this time with regards to the Plumb plan. A sub-committee has been appointed to examine all facts and obtain advice from all sources, can contribute and report the reports to the executive council on the entire matter.

COAL PRODUCTION MOUNTS

Terre Haute, Ind., Aug. 30. Production of coal by Indiana mines for the week ended August 23rd was 514,282 tons. This was the greatest amount for any one week this year with the exception of the week ended January 11, and is the first week for several months in which orders have been sufficient to permit the operation of the various mines in the Indiana field at more than half capacity.

RESERVATIONS TO CAUSE A STRUGGLE

Republican Views Vary Widely and Will Produce Controversy Next Week, it is Predicted

MANY REVISIONS ADOPTED

One to Prevent American Members of Commissions From Acting Without Being Instructed

Washington, Aug. 30.—A sharp struggle in the senate foreign relations committee over the form of treaty reservations when the subject is taken up early next week was forecasted here today.

Republican views on reservations vary widely.

Democrats are taking no more part in reservation-making, but adoption of textual amendments they oppose to the limit of their voting power.

With but one more amendment in sight, reservations will come up early next week and the committee hopes to get the treaty reported by Wednesday or Thursday.

The one amendment yet before the committee is that of Senator Fall's, striking out the labor clauses. The committee adopted three others late yesterday, thus nearly cleaning the slate of textual changes proposed.

An amendment to the peace treaty, providing the United States shall have as many representatives as the British Empire on the league of nations assembly, was adopted late yesterday by the Senate foreign relations committee.

The vote was 9 to 8. Senator McCumber, Republican, North Dakota, standing with the Democrats against the amendment. The provision as framed would not reduce the six votes held by Great Britain and its dominions on the assembly, but simply would provide that the United States have equal representation.

The amendment was the first to be adopted by the committee relating to the league covenant. It was presented by Senator Johnson, Republican, California.

The amendment also contains the same provision regarding the league council, the effect of which would be to offset the possibility that Great Britain and one of her dominions might be represented on the council at one time. In the council there are to be nine members, one from each of the five big powers and the others from small states to be selected from time to time.

Under the amendment the following proviso would be inserted in the covenant:

"That when any member of the league has or possesses self governing dominions or colonies or parts of empire which are also members of the league, the United States shall have votes in the assembly or council of the league numerically equal to the aggregate vote of such member of the league and its self governing dominions and colonies and parts of empire in the council or assembly of the league."

The committee also adopted two other amendments providing that the American representatives on the reparations commission shall vote only when specifically instructed to do so by this government and that none of the British dominions may take part in deciding a dispute under the league to which one of them is a party.

The reparations amendment was proposed by Senator Fall, Republican, New Mexico, and the other by Senator Moses, Republican, New Hampshire. The vote in each case was 9 to 8 the Democrats and Senator McCumber voting in the negative.

The Moses amendment followed a

Airmotor Wind Mills  
Auto Oil

suggestion made by former President Taft and was considered necessary by the Republican members to preclude any possibility that the British dominions could act together to prevent any one of them from being overthrown in a decision by the league.

The reparations committee, which will have charge of collecting Germany's reparation bill, is one of the few which would have an American representative under the amendment adopted earlier in the week to reduce American representation on such commissions. When the committee adjourned the amendment proposed by Senator Fall to strike out the treaty provision for an international labor conference was under debate.

While the Johnson amendment was under discussion Senator McCumber offered as a substitute an amendment similar to that later presented by Senator Moses. The motion to make the substitution was lost 10 to 3, Senators McCumber, Hitchcock, Democrat, Nebraska, and Swanson, Democrat, Virginia, voting in the affirmative and Senators Williams, Democrat, Mississippi and the other Republicans in the negative.

HOG PRICES DECLINE TO \$19.50 A HUNDRED

Further Drop of Fifty Cents Sends Them Below \$20.00 Level in Indianapolis Today.

A light outside demand and heavy receipts of hogs of the Indianapolis yards today sent hog prices 50 cents further on the downward trend to \$19.50. There was no trade in cattle, but calves dropped \$1. The grain market was weak and timothy hay prices went off fifty cents a ton.

TO BE GIVEN HEARING

Mrs. Blanch Gilson and Bert Newman, who are held in jail on charges of associating, will be given a hearing this afternoon at four o'clock in police court.

School Days

The end of the vacation period is near, and the boys and girls will be going back to the school again, some start next week and others a week later.

Make the right kind of a start, with your personal appearance registering 100 per cent. The right kind of clothes don't mean new ones, but everyday clothes thoroughly renovated and cleansed by the process offered by the Twentieth Century Cleaners and Pressers, will insure the right kind of personal appearance.

The 20th Century Cleaners and Pressers are prepared to take care of all school work, for the little tots to the college students, and those living in Rushville may phone 1154 and they will call for the package. Country patrons may bring, send or mail them, and the work will be gotten out promptly.

Hoosier Corn Turner

2nd and Penn. R. R.  
RUSHVILLE, IND.

Saves its cost in 3 days. Saves corn, time and labor. Fits any drill and can be attached in a few minutes. These turners will do the work in any kind of down or elbowed corn. Will make the drill run perfectly smooth. Will keep the outside discs from riding or getting on row of corn; roll the pumpkins out of way without injury.

Get your drill ready for Fall sowing by attaching one of these turners. A great quantity were sold last year and gave entire satisfaction.

The public is warned not to infringe or make these devices as we are fully protected by patent.

—Mr. and Mrs. S. H. Trabue and Mr. and Mrs. Bert Trabue and daughter left this afternoon for a stay of several days at Martinsville.

—Mrs. John Knecht Mrs. Bert Mullin and Mrs. Jack Knecht spent Thursday in Newcastle as the guests of Mrs. Roll Miller, who formerly lived here.

—Mr. and Mrs. Don Goodson and daughter Helen and son Joseph will go to Milton, Ind., this evening to be the Sunday guests of Mr. and Mrs. John Grubbs.

—Mrs. Joe Miller and children Mildred, Franklin and Marguerite, leave this evening for Warsaw to spend a few days, the guests of her sister, Mrs. Scott Conde.

—Mrs. Ben Oster has gone to Clinton, Ind., for a visit and will be joined next Tuesday by her husband, when they will go to Paris Lake, Ill., for a ten days' stay.

—Miss Katherine King and Miss Janet Beck of Franklin, Ind., will return to their home this evening after being the guests of Miss Lavina Compton for the past week.

—Mrs. Fanny Study has returned from an extended visit with her sister, Mrs. N. E. West of Denver, Col., and Mrs. H. G. Porterfield, of Omaha, Neb. Miss Marjorie Thomas, who spent the summer with her mother, Mrs. Porterfield, accompanied Mrs. Study as far as Indianapolis, and is visiting there.

### ASSESSMENTS OF TWO ARE CHANGED

Continued from Page One

if any, providing no more revenue is raised. This would be a great reduction because the rate this year is \$4.00 a hundred.

And it is estimated by county officials familiar with the situation, that the net taxables of the city will be close to \$9,000,000, with the increases put on by the state board and the corporations unchanged. It will probably be several weeks before the rate is definitely known because of the necessity of increasing all personal property schedules.

The city council next month will take up the question of making a budget for next year and at that time it will be determined whether the city will need any more revenue this year than last.

### CITIZENS AROUSED BY FAIR GAMBLING

Continued from Page One

just ended will go down in history as the toughest that ever happened. There were 116 concessions at the fair. Of these ninety were gambling joints, shows of doubtful nature and all the inventions of vice and sin that could be crowded on one lot.

A vivid description of conditions at the free fair is given by Ned Tattman in his paper, the Connersville News:

"Fayette county claims to be a law abiding county, and the free fair means to keep its chin above the muck as it swims on. This year—with full respect to the sagacity and the broad-mindedness of its management—it came most perilously near to letting its chin drop into the muck, and of swallowing about forty gallons of the same. The free fair has been a sort of miracle among fairs. For years it has kept the tenor of its way. It has grown in popularity until its name is a proverb, and its plan is a pattern for others far and wide. Its continuance, assuredly, depends upon the adherence to the principles of hon-

esty and decency. For the sake of its permanency and good name, and for the sake of the memory of its revered founders, it is most earnestly to be hoped that never again will such a gang of cut-throat gamblers—such a crowd of thieves, disguised as concessionaires—such a layout of law-breakers and rapscallions, licensed but none-the-less scoundrels and reprobates—be unleashed upon the public, wittingly or unwittingly, at the beginning of the present free fair. It is but truth to say that the repetition of such a blunder—to call the thing by the mildest name it deserves—would promptly bring the free fair into ill favor at home and disgust abroad—not to mention the chance that state law would swoop down and bring the whole arrangement into crying shame."

This denunciation is all the more severe because it comes from one of the founders of the free fair, and its present treasurer, but Ned Tattman is a newspaper man first, and does not hesitate to call things by their right names.

From stories told since the fair, it seems to have been a state meeting of the Association of Easy Marks. A gang of grafters from Chicago, guys with "go get 'em" faces and sporty waistcoats, to whom the squeal of suckers is sweet music, certainly did trim them and trim them right. Just how much they carried away is not known, for those who went against the sure thing games didn't tell—they knew they were trimmed and just let it go at that.

### STORM CAUSES DAMAGE

Lorient, France, Aug. 30. The coast of Brittany for miles north and south of here was strewn with wreckage during a great storm yesterday. At Locquetta a lifeboat and wreckage, apparently from an American merchant ship, were washed ashore. The name of the boat could not be deciphered. The storm was abating today.

### PASSENGERS GET SCARE.

Passengers on the Shelbyville division of the I. & C. were given a bad scare yesterday when a car jumped the track while going down the incline at the east end of the Fairland viaduct. The car threatened to upset, but was finally stopped and no one was hurt. A split rail caused the accident.

### Days Pickings

A marriage license was issued this afternoon to Earl Sanford Vogel and Eva Rebecca Mercer, both of this county.

Mrs. Robert Miller who was operated on at the Dr. Green's hospital Wednesday for the removal of tonsils and adenoids, is improving.

Mrs. John R. Patterson, who has been seriously ill at the home of her daughter, Mrs. Frank Schrichte, in East Fifth street, was reported today as being very low.

Anna May Megee, little daughter of Mr. and Mrs. Edwin Megee was operated on at the Green hospital yesterday for the removal of adenoids and tonsils. She is reported to be getting along nicely.

The county clerk issued marriage licenses yesterday afternoon to the following: Alfred Paul Newhouse, son of Mr. and Mrs. Alva Newhouse, and Elsie Marie Frazee, daughter of Mr. and Mrs. William O. Frazee and this morning a license was issued to Thomas S. Foster, son of Mr. and Mrs. Charles Foster and Ethyle Beatrice Bagley, daughter of Mr. and Mrs. Louis Bagley.

### TO RUSSIANIZE RAILROADS

Plumb Plan is Denounced by Judge Lovett of Union Pacific

(By United Press.)  
New York, Aug. 30.—The Plumb plan is an effort to Russianize American railroads and apply to them the Soviet system, according to Judge Lovett, head of the Union Pacific railroad.

In an interview with the United Press today, Judge Lovett characterized the Plumb plan as an assault upon American institutions which the mass of railroad employees as well as citizens fail to understand.

### INVENTS NEW CRUTCH

Sydney, (By Mail)—A new crutch for the use of those injured in the war, designed to prevent crutch paralysis, has been invented by two Sydney mechanics. The new device, it is expected, will be adopted by the military authorities.

**Full Powers Granted**

Senator Fall, Chairman of the subcommittee that has been appointed to look into Mexican affairs, has prepared a resolution giving his committee ample authority to make a full investigation. Under its terms persons, books, and papers can be sent for; witnesses compelled to attend and testify; oaths administered; hearings held; the committee may travel to such points as may be deemed necessary; and interpreters and stenographers may be employed. The thoroughness with which Mr. Fall has made his preparations presages and unrelenting effort to get at the true facts regarding our relations with Mexico, and present them to the American people.

**Another Money Saver**

Renewed interest is being awakened in the printing reform bill that has been pending in congress for several years. It has passed one house or the other at various times; but has always failed to receive the approval of both houses in the same congress. The majority in the present congress has taken hold of it in earnest and intend to put it through in the very near future. Under its terms the present system of assigning a certain number of each public document to every senator and congressman would be abolished, and an annual money credit for each member substituted. Against that credit documents could be drawn according to their value until it was exhausted. At present a New England senator is compelled to accept documents relating to the underground waters of Utah, or the Results of Spirit Leveling in Arizona for which his constituents have no use. Under the new scheme he would have the privilege of selecting only those for which he received calls. Senator Smoot chairman of the joint committee on printing, has worked for the reform for many years, but the control of legislation by opponents has always accomplished its defeat. His efforts now have promise of success.

**Sap and Salt**

By BERT MOSES

Most all of us wish we had some other given name.

Many women lie a size or two when asked about their shoes.

Experience teaches a lot of things that textbooks don't.

Simplicity is and always has been the keynote of real happiness.

Men who do much work of one kind can do it quicker, better and for less money.

If costs keep on getting bigger one remedy will be to crazy like Nebuchadnezzar and eat grass.

Hez Heck's wife says: "The easiest thing in the world is to get a man and the hardest thing is to hold him."

litionists will shortly fall upon tobacco. The use of tobacco is not conducive to good health, they say. At all events, this is true of its abuse.

We fear there is only too much accuracy in this reasoning. The abuse of tobacco is, unquestionably, harmful. It is even poisonous. And if the widespread use of an article is a prelude to widespread over-indulgence in it, the correct attitude of every discerning citizen is beyond discussion. The use of the article must be entirely suppressed.

We wish to declare its position in no uncertain terms. Every influence that threatens national health must be abolished, and if tobacco is harmful, tobacco must go. So must the corset. Many specialists in hygiene have analysed the effect of the corset on the female organs and their verdict is "thumbs down". We hardly claim to be an arbiter in the debate concerning feminine costuming, but it claims, at least, the merit of consistency. If tobacco and corsets are endangering public health, we demand a death sentence upon them. Also upon the high-heeled shoe. Also face powder. The medical profession has long ago declared itself.

And these are only the beginning of our list, but there is not space in one editorial to tabulate the whole. In succeeding weeks we hope to enumerate all the things that must be abolished—if the use of a thing and its abuse are identical. The condemned items to be listed are multitudinous, but if we live long enough we hope to catalog them all.

One excellent way to reduce the high cost of living is to read the ads in this paper regularly and take advantage of the special offerings that are made each week. Pennies thus saved will soon grow into dollars.

At least one good result has come out of the war up to date. American designers of women's gowns are coming to the front and Paris styles are rapidly being relegated to the rear. We protest, however, that this does not necessarily indicate that the Paris product is too modest for the ultra-socialized American taste.

Uncle Sam has received a good many jolts in his day, but he generally manages to land on both feet with his head up.

Everybody is handing old Hi Cost a kick—except the fellow who gets the dough.

\*\*\*\*\*  
ATTABOY  
\*\*\*\*\*

Michigan City, Aug. 30—Warden Forgaty of the state prison here tells a story about a prominent politician from South Bend donning the stripes during a ball game among the convicts, "just to put some pep into the boys".

Swaggering into the ball lot, the politician assumed a "hard" expression and leaned against the wall. A lantern-jawed member of the uniformed throng guessed the politician was a "new-bird". After careful scrutiny he sauntered slowly up to him and sotto voce said: "Wat yuh in fer, bo?" "Beaned a guy". "Atta boy".

**CASTOFFS REPORTED TO HAVE DONE WELL**

**Dick Rudolph Was Tossed Off by The Giants and so Were Stock and Marquard**

**DEMPSEY LEAVES BUSINESS**

New York, Aug. 30.—It was Dick Rudolph who was mainly responsible for the Braves' roughshod treatment of the Giants in 1914.

Milton Stock had quite a little finger in the 1915 pie the Phillies cut. In 1916, Rube Marquard had something of importance to do with the winning of a pennant by the Dodgers.

In 1917, Eddie Cicotte ruffled the Red Sox by hefting the White Sox into a world's championship. What's it all about?

Nothing much, except that Dick Rudolph was tossed off by the Giants, and so were Stock and Marquard. Cicotte was spurned by the Red Sox in the past ages. And Bill Rariden, Heinie Groh, Eddie Rousch and Slim Sallee, now championing for Cincinnati, were blown off by the Giants.

The Giants paid \$40,000 for Arthur Neth—or so it is claimed. Judged by that, what is Babe Ruth worth?

Neth lost his first two starts for the Giants, although he pitched fairly well in both pastimes. Both games were vital in the averages of the floundering New Yorkers. In one of them the Reds punched him full of holes and clinched another game.

Jack Dempsey has left the socking business flat and is uplifting the circus, where Jess Willard left off.

And only a few short months ago he was promising to defend his title whenever a worthy opponent appeared.

Perhaps Willie Meehan isn't worthy in the eyes of Dempsey, but he holds a couple of decisions over the world's champion, and the public would like to know how about it. Also, there is Billy Miske.

**MILLIONS**

**SUFFER FROM ACID STOMACH**

**THE GREATEST REMEDY ON EARTH—ACID IRON MINERAL.**

Millions of people suffer year after year from ailments affecting practically every part of the body, never dreaming that their ill health can be traced directly to acid-stomach. Here is the reason: poor digestion means poor nourishment of the different organs and tissues of the body. The blood is impoverished—becomes weak, thin, sluggish. Ailments of many kinds spring from such conditions. Biliousness, rheumatism, lambago, sciatica, general weakness, loss of power and energy, headache, insomnia, nervousness, mental depression—even more serious ailments, such as catarrh and cancer of the stomach, intestinal ulcers, cirrhosis of the liver, heart trouble—all of these can often be traced directly to acid-stomach.

Keep a sharp lookout for the first symptom of acid-stomach—indigestion, heartburn, belching, food repeating, that awful painful bloated after eating, and sour, gassy stomach. ACID IRON MINERAL, the wonderful modern remedy for acid-stomach, is guaranteed to bring quick relief from these stomach miseries. Thousands say they never dreamed that anything could bring such speedy relief—and make them feel so much better in every way. Try ACID IRON MINERAL and you, too, will be just as enthusiastic in its praise. Make your life worth living—no aches or pains—no blues or melancholy—no more of that tired, listless feeling. Be well and strong. Get back your physical and mental punch, your vim, vigor and vitality. You will always be weak and ailing as long as you have acid-stomach. So get rid of it now by taking ACID IRON MINERAL. Also call for A I M Pills and take one every night until stomach, kidneys and liver are relieved.

**GOVERNMENT GIVES AID IN REEDUCATING MEN**

Government Agencies Cooperate in Vocational Rehabilitation of Men Disabled in War.

**WORK IN MOST PATRIOTIC WAY**

Washington, August 30.—The Federal Civil Service regulations as amended by an executive order of the President place upon the Federal Board for Vocational Education the responsibility of testing, training, and certifying to the United States Civil Service Commission disabled soldiers, sailors and marines who desire to enter Civil Service employment. The amended regulations permit the fullest cooperation of government agencies with the Federal Board, in the vocational rehabilitation of men disabled in the war against Germany.

Everybody desires to cooperate with the Federal Board in the discharge of its duties to men disabled in the service. Individuals and private institutions are working with the Federal Board in a most patriotic way. The Government Departments have been desirous of lending full cooperation. This is now possible because of the removal of certain restrictions and the arrangements for meeting this changed situation worked out by representatives of the Federal Board and the United States Civil Service Commission.

The Federal Board propose to discharge its obligations under the amendments to the Civil Service regulations through cooperative arrangements with the Government Departments and through the expert advice, counsel, and assistance of Government officials and employees.

**Our Daily Laugh**

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

J. Albert Spillins had been arrested by farmers for killing chickens, dogs and other impedimenta as result of his modest pace of one hundred miles an hour in a red-devil car. On October 3, when hunting season was on, he suddenly turned Hickory Corners, saw a farmer with a gun and a dog far ahead. He had opportunity to avoid the man but the dog was caught amidstships and was hurled through a hedge and disappeared. J. Albert, foreseeing possible hanging, jumped out of his car, rushed back to the armed man who silently awaited him, thrust money in his hand and said:

"The dog's worth no more than twenty-five dollars. There's thirty. Lemme alone! Good BYE!" And he disappeared at the usual rate of one hundred per. The farmer idly counted the money and just then the dog, jarred and bewildered, straggled through the hedge and hotfooted it for home. The farmer yelled after him:

"Hey, dog! Tell whoever owns you that you're a money maker if he knows how to use you."

## MAN FROM SUDAN LIKES THE RAIN

In Sudan it Never Sees the Rain and  
Servant Thinks That it is a Won-  
derful Thing.

PRAISES ENGLAND HIGHLY.

In Crude Fashion Speaks to King,  
But Can't Help Commenting About  
The Big Shadow Caused by Rain

(By United Press.)

London. (By Mail)—"All rain—  
no sun. It is fine!"

So said the servant of the Sudan-  
ese chief who presented the sword  
of submission to the King. Most  
Englishmen would feel inclined to  
punch a foreigner's head for ex-  
pressing such a sentiment, for it has  
a ring of sarcasm about it; but this  
was an optimistic young man in  
white robes, with a bright smile and  
a passion for the English climate.  
Like others, he had never seen any-  
thing like it, but, unlike the major-  
ity, he had sufficient imagination to  
appreciate its advantages.

"In Sudan—all sun," he contin-  
ued. "And Sudanese run to shadow.  
No work—sit in shadow. England  
—land of shadows. Work all day.  
Strikes? Ah, strikes! Perhaps be-  
cause too much work? No sun to  
stop work—strikes instead.

"Sacred sword to the great king?  
Yes, I have heard of it. My master,  
son of Mahdi, gave it to great king.  
Where it come from? I do not  
know. I am not sure. Some say  
Heaven. Some say Spain. All men  
lie. I am not sure.

"Yes, it is keen. It is sharp. It is

gold at the handle. The great mah-  
di, father of my master, he used it.  
Many heads bowed to it. It is in-  
deed sharp.

"London? There is so much of  
it. I do not know. But the weather  
is fine. I would not live here be-  
cause I would lose my destination.  
But I would take away the weather  
with me—the soft rain and the cool  
shadows. Then our corn would  
grow as high as sycamores. You  
would like me to take it away? Your  
beautiful rain? The shadows that do  
not burn?

"Truly the English are a great  
people. They live in heaven and do  
not like it. Only gods are tired of  
heaven."

This is, perhaps, the most original  
complimentary speech ever made to  
a King of England.

Despite its unconscious aspers-  
ions on this climate it was greatly  
appreciated by all Englishmen who  
heard it.

### COUNTY NEWS

#### Richland Township

Mr. and Mrs. James Martin will  
move to Rushville the first of next  
week.

Elmer Ryon of Milroy spent Sun-  
day and Monday with his parents,  
Mr. and Mrs. John Ryon.

Mr. and Mrs. Verne Lewis and  
Mr. and Mrs. Ed George and family  
motored to Dayton, Ohio, Wednes-  
day, where they visited the Soldiers  
Home, The Deleo Light factory and  
the aviation fields.

Mr. and Mrs. John Darter and  
family spent Thursday evening with  
Mr. and Mrs. Lewis Golay.

Eddie Ryon will work for Arthur  
George until after corn shucking.

Mr. and Mrs. John F. George and  
Mrs. Roscoe George and daughter  
Opal of Fairmount returned home  
Saturday after a two weeks visit  
with Mr. and Mrs. Verne Lewis.

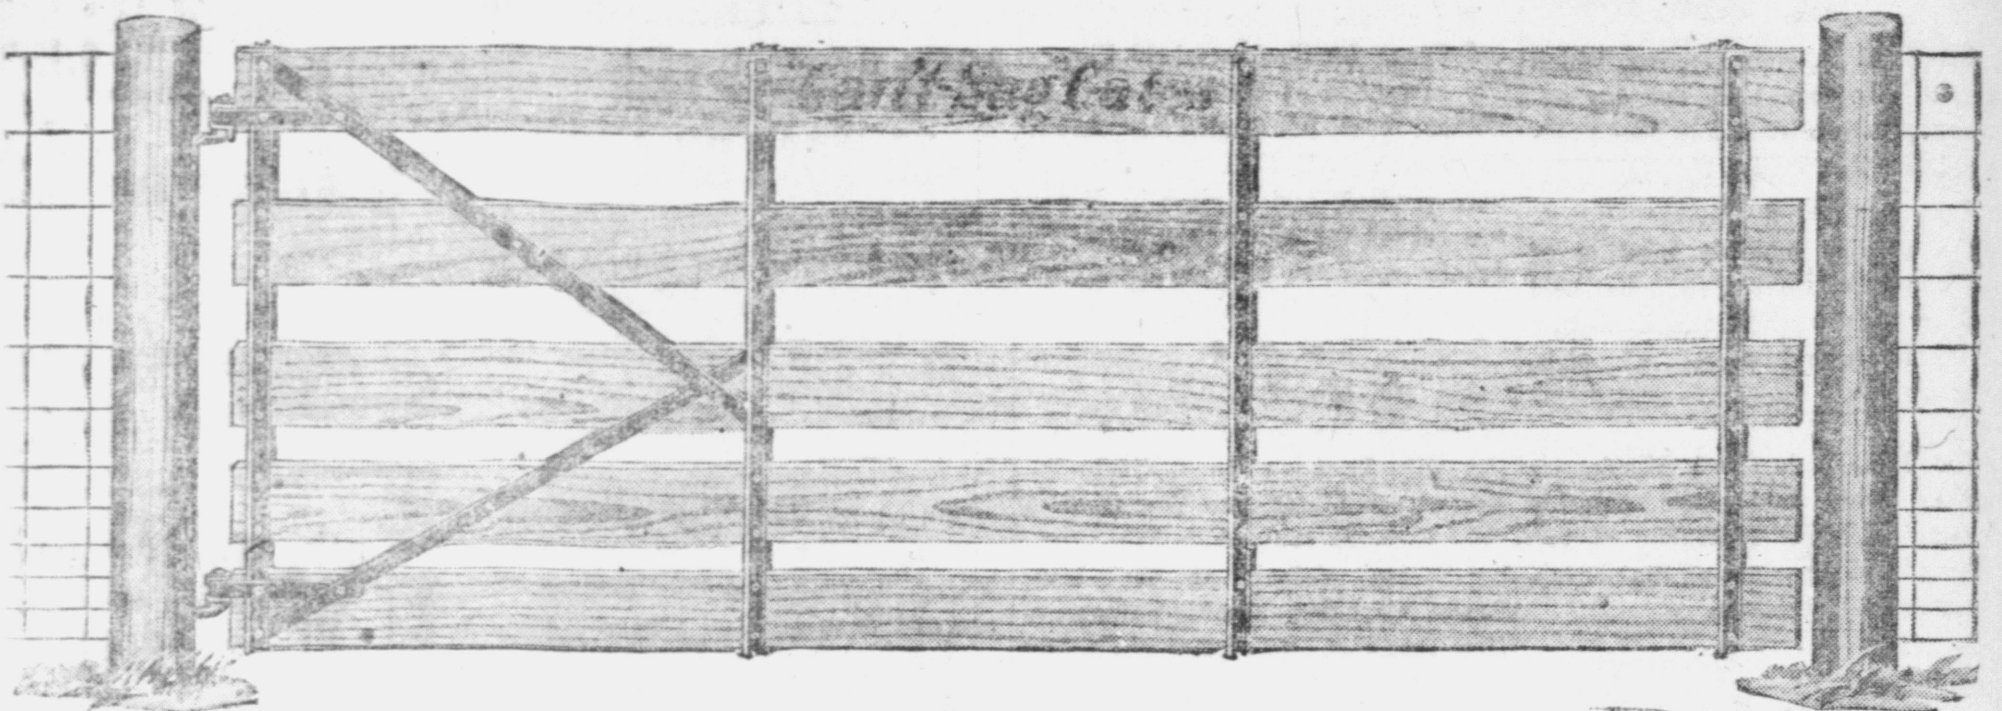

Mr. and Mrs. Leslie Miller and  
family returned home Thursday  
from Petoskey, Mich., where they  
spent ten days with Mrs. Miller's  
father, James Mercer of New Sa-  
lem.

Walter Patton and Fred Goddard  
were visitors at Indianapolis Wed-  
nesday.

Mr. and Mrs. James Martin, Mr.  
and Mrs. Tom Helman and Dr. and  
Mrs. Carter Metcalf and family  
were guests of Mr. and Mrs. Verne  
Lewis Sunday.

Mr. and Mrs. Melvin Miller and

## CAR LOAD GATES

occupants escaped injury.

#### Blue River and Vicinity

Some of the people in Summer  
went to the Wesleyan conference at  
Fairmount.

Mr. and Mrs. J. W. Zike are ill  
at their home here.

Emerson Barnard suffered a pain-  
ful bruise to his hand one day last  
week. He went to the hospital in  
Indianapolis where he received  
treatments for the injury. He has  
returned home and is feeling some-  
what better.

Mr. and Mrs. E. C. Macy and  
daughter Fay visited at Indianapolis  
a few days last week.

Mrs. Ella Hays of Nebraska is  
visiting relatives in this vicinity.

Mr. and Mrs. Shirley Macy are  
the parents of an eleven pound boy,  
born the 22nd of August.

Mr. and Mrs. Otis Folger of Rich-  
mond, Ind., are the parents of a  
baby girl. They have named it Vir-  
ginia Rose.

The Rev. and Mrs. F. H. West-  
hafer visited their son in Newcastle  
Monday and returned Tuesday.

A number of people attended the  
Miller reunion which was held at  
the M. E. church in Arlington Wed-  
nesday. The Rev. F. M. Westhafer  
gave a talk in the afternoon.

The members of the M. E. church  
of Arlington voted for the Rev. J.  
L. Brown as delegate to the elector-  
al conference and Mrs. Ruth Eaton  
as lay delegate.

### Amusements

#### House Peters at Mystic.

House Peters, who needs no intro-  
duction to photoplay "fans" has a  
role ideally suited to his manly  
physique, sympathetic personality  
and versatile talents in "The For-  
feit," a Frank Powell-Sunset pro-  
duction showing at the Mystic the-  
ater today. Jane Miller, a beautiful  
and charming southern girl, is fea-  
tured with Mr. Peters, the story be-  
ing ideally suited for co-stars.

A picturization of Ridgewell Cul-  
lum's famous romance of the cattle  
country of Southern Texas, "The  
Forfeit" tells the story of a self-  
made cattle millionaire who gives  
all his love to one woman, marries  
her, and then discovers that she had  
been the wife of his younger brother,  
rumor saying that she also be-  
trayed him to his death as a cattle  
thief.

How the skein is untangled brings  
"The Forfeit," one of the most dra-  
matic stories of the day, to a happy  
ending.

#### "The Virtuous Thief"

Enid Bennett, the charming Para-  
mount star, is a stenographer in her  
latest picture, "The Virtuous Thief"  
which will be shown tonight at the  
Princess. In an effort to save from  
prosecution her brother when he  
stole money from his employer and  
to shield the family name, she leaves  
her sheltered life and goes to work  
as a typist for the man from whom  
her brother stole. Her employer

proves a scoundrel who is leading a  
double life. He tries to take ad-  
vantage of the brother's guilt in or-  
der to force his attentions on the  
girl, but is foiled. Later he is mur-  
dered, and suspicion points toward  
the girl typist, but she is happily  
cleared.

Several good comedy scenes form  
welcome contrast to the tense dra-  
matic quality of the picture as a  
whole. Enid Bennett does excel-  
lent work as the heroine, while  
Niles Welch, as a bashful lover, Wil-  
lis Marks as an old fashioned  
Southern gentleman and William  
Conklin as the lecherous broker are  
well cast for their parts.

The comedy on tonight's bill will  
be a Chaplin classic, "Shanghai-  
d," which even though it has been seen  
here before, will never grow stale,  
as an audience can see many new  
things in a picture the second time,  
that it never saw the first time.

### Big Lot of Hay Fever Jokes

But Kentucky Man Says—"People Who  
Belong to Hay Fever Colony are  
Kidding Themselves."

Wouldn't Be Any Rose or Hay  
Fever if Simple Home Rem-  
edy Was Given a Chance.

"Yes, there's a real NINETY-NINE  
per cent effective remedy for hay  
or rose fever," frankly states a drugg-  
ist in a prosperous Kentucky city.  
"But I don't expect anyone to be-  
lieve me, because the treatment is so  
easy and the cost not worth mention-  
ing."

"The annual crop of hay-fever jokes  
would be mighty scarce if people  
would get an ounce of Mentholized  
Arcine and by just adding water that  
has been boiled make a pint of liquid  
that will prove a real help to all who  
suffer."

"Many of my hay-fever friends tell  
me that by starting to gargle and  
snuff or spray the nostrils a few times  
a day the expected severe attack often  
falls to appear and in cases where it  
does show up is very mild and does  
not annoy."

"The Better Class of Pharmacists"  
who dispense Mentholized Arcine say  
it will greatly modify any attack even  
when taken three or four days after  
hostilities begin.

Go to a real live druggist when you  
get ready to make a pint.

### 7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of  
Over-Indulgence in Tobacco or  
Alcohol or by Excess of Any Kind,  
Bio-Feren Is What You Need  
Right Away.

Don't grow old before your time,  
don't let nervousness wreck your hap-  
piness or chances in life. The man  
with strong, steady nerves is full of  
vigor, energy, ambition and confidence.

You can have nerves of steel, firm  
step, new courage and keen mind by  
putting your blood and nerves in first-  
class shape with mighty Bio-Feren, a  
new discovery, inexpensive and effi-  
cient.

Men and women who get up so tired  
in the morning that they have to drag  
themselves to their daily labor will in  
just a few days arise with clear mind,  
definite purpose and loads of ambition.

All you have to do is to take two  
Bio-Feren tablets after each meal and  
one at bedtime—7 a day for 7 days—  
then reduce to one after each meal  
until all are gone.

Then if your energy and endurance  
haven't doubled, if your mind isn't  
keener and eyes brighter, if you don't  
feel twice as ambitious as before, any  
druggist anywhere will return the pur-  
chase price—gladly and freely.

Bio-Feren is without doubt the  
grandest remedy for nervous, run-  
down, weak, anaemic men and women  
ever offered and is not at all expen-  
sive. All druggists in this city and  
vicinity have a supply on hand—sell  
many packages.

### CUT THE HIGH COST OF LIVING By baking your own bread from CLARK'S PURITY FLOUR

One barrel of 196 pounds will make 233 loaves of bread, which  
at 10c each would amount to \$23.30. CLARK'S PURITY  
FLOUR retails at \$13.60 per barrel, then the housewife who  
bakes her bread will save \$14.70 per barrel, less the seasoning  
and fuel for baking; hence a long step in the direction of re-  
ducing the high cost of living would be accomplished.

**C. G. Clark & Sons**

### "Why I am a success at Feeding Hogs"

"I enjoy feeding swine. I use 'up to date' feeds; good quality  
hogs; modern feeding methods, and I don't work myself to  
death." That's what a successful hog feeder told us. He feeds  
Fat Back Hog Feed.

Lest you forget what analysis F. B. contains, here it is:—Protein  
18 per cent, Fat 4 per cent, carbohydrates 58 per cent and Fibre  
not over 10 per cent.

Remember Fat Back carries plenty of tankage and O. P. Linseed  
Oil Meal, also other good feeds mixed. Get hep to Fat Back and  
carry your big feeding results on your hip to bank.

The S. E. T. club meeting, which was to have been held Tuesday afternoon, September 2, has been postponed for two weeks.

The regular monthly meeting of the Woman's Council will be held Monday night in the Callaghan store in East Second street at eight o'clock.

The Ben Davis Creek Missionary Society will hold their monthly meeting Monday afternoon at two o'clock in the parlors of the church. Everybody is welcome.

Miss Mary Eva Baker, of Fayette county, and Arden E. Lindsay of this county, were united in marriage Thursday evening at the Main street Christian parsonage, the Rev. L. E. Brown officiating.

The Sunday school of the First Baptist church will hold their annual picnic in the James Alsop grove on Link's farm east of the city, Monday. All planning to attend are requested to go on the 10:05 traction car.

The Tri Kappa sorority will hold the regular meeting at the home of Miss Helen Norris, southeast of the city, Monday evening. Every mem-

The annual reunion of the Wilson and Gregg families was held Thursday afternoon at the home of Lee Wilson, east of Rushville. About 70 members of the two families were present, and a pitch-in dinner was served for all of the guests. No definite program was arranged, but a social day was spent.

Mr. and Mrs. Lewis Bagley announce the marriage of their daughter, Miss Beatrice to Thomas S. Foster, son of Mr. and Mrs. Charles Foster, which took place this morning at ten o'clock at the Main Street Christian church parsonage. The young couple left immediately for a short wedding trip through the east.

One hundred members of the Hunt family held a reunion in the city park yesterday and enjoyed a bountiful pitch-in dinner. In the afternoon a program consisting of readings and songs was given and a business session was held. G. P. Hunt was elected president for another year and Arron Holden was elected secretary. The annual affair will be held in Indianapolis next year.

A quiet wedding was solemnized at the home of Mr. and Mrs. W. O. Frazee at 833 North Harrison street last evening at eight-thirty o'clock, when their daughter, Elsie Marie, was united in marriage to Alfred Paul Newhouse, son of Mr. and Mrs. Alva E. Newhouse, of this city, by the Rev. John T. Aikin, pastor of the First United Presbyterian church. The young people were school mates, having graduated from the Rushville high school in 1917. The bride had charge of the Commercial course in the high school at Madison, Ind., during the school year of 1918-19 and was re-elected by the school board for the year of 1919-20. The bridegroom is employed by the I. and C. Traction company at Shelbyville, Ind., where they will be at home to their friends after a short wedding trip.

Miss Ruth Martin entertained Thursday evening, at her home northeast of the city, a number of her friends with an informal party. The evening was spent in games, contests, music and dancing. Vern Duncan, Carl Dolan, Mary Duncan and Clifford Patton were the winners of the contests. At a late hour dainty refreshments were served. Those enjoying the affair were L. Vern Bishop, Georgia Hunt, Margaret Smith, Florine Hinckman, Ava Ging, Mary Duncan, Mary Patton, Velma McClure, Ruby Ertel, Naomi Newhouse, Sylvia McCrory, Magdalene Arbuckle, Marian Carney and Loys Rees, Guy Sweet, Vern Duncan, Aaron Laughlin, Horace Kehl, Floyd Vickrey, Wendell Ging, Vern Freeman, Clifford Patton, Lavern Newkirk, Sam Kirkpatrick, Russell

Bell, Frank Lightfoot, Carl Dolan, Mr. and Mrs. Thomas Martin and Mr. and Mrs. Fred Martin and family.

## AUTO BRAKES FAIL TO WORK ON A HILL

Machine in Which Eber Oldham and 14-Year-Old Daughter Were Riding Balances on Cliff's Edge

### AN ACCIDENT NEAR WESTPORT

Greenburg, Ind., Aug. 30.—Eber Oldham, a member of the Decatur county council, and his fourteen-year-old daughter, had a narrow escape from death yesterday when their automobile stalled on a hill at the Scripture bridge, near Westport, and crashed back into the bridge, when the brakes failed to work.

The car went through a guard railing and hung in the balance over the creek, sixty feet below. The fact that Mr. Oldham gave the wheel a sudden turn probably saved the car from plunging over. Neither Mr. Oldham nor his daughter was injured and the car was only slightly damaged.

Several years ago a workman fell from the Scripture bridge and was instantly killed.

## WILL SEE GAME ON SUNDAY

Many Fans Going to Cincinnati For Red-Pittsburg Game.

With Cincinnati still in the lead in the race for the pennant in the National League, many Rushville baseball fans will go to Cincinnati tomorrow on the excursion to see the game which will be played between the Reds and the Pittsburg team. No doubt there will be just as big a crowd at this game as there was at the Giant game, as it only a one day stand, and Cincinnati has not played at home for over a week. On Monday the Reds go on the road again and will return the following Monday. The game today was played in Pittsburg, and the fans at Cincinnati will all turn out tomorrow to see the home team in action again. Many local fans are already making arrangements to attend the world series, which looks sure for Cincinnati now.

## SEVERAL KILLED IN RIOTS

Postoffice at Ludwigshaven, Bavaria, is Stormed by a Mob

Berlin, Aug. 30.—Armed with revolvers and hand grenades, throngs of rioters at Ludwigshaven, Bavaria, stormed the postoffice today. Several persons were killed in the fighting. Later troops occupied the postoffice and stopped the telegraph and telephone service.

Banks have been closed in the fear of further trouble and it is also feared a general strike will be declared.

## ANNOUNCES 'OPEN HOUSE'

Republican State Committee Will Entertain Next Week

The Republican State Central Committee of Indiana has hit upon a novel plan to observe open house. So many Hoosiers go to Indianapolis the week of the state fair that it has been decided to hold a special reception for men and women at their headquarters at the Severin Hotel from 7:30 until 10 the evening of Wednesday, September 3, and from 10 until 12 noon, Thursday, September 4.

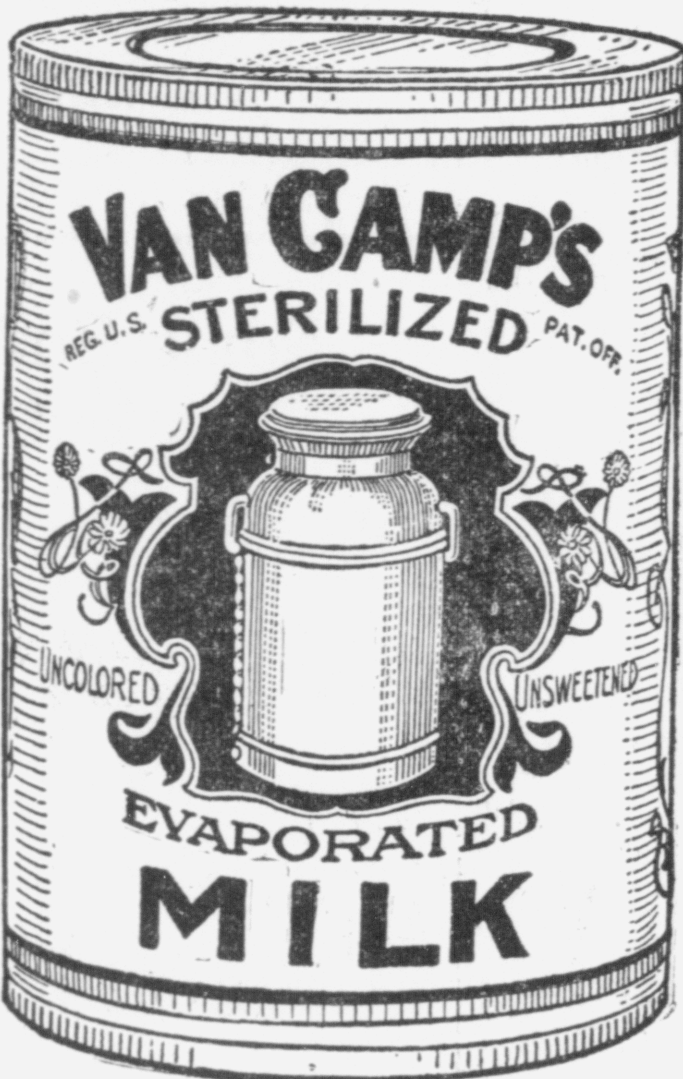

Officers and members of the committee will be present at that time to greet republicans from over the state. All republicans who go to Indianapolis during the week are urged to visit republican headquarters.

### TOWNSHIP HONORS SOLDIERS.

Brazil, Ind., Aug. 30.—Attired in their "Sunday best" farmers of Jackson township, Clay county went on strike today. They deserted the threshing machine and hay rack and migrated to a grove where they had a big basket dinner for the 120 soldiers whom the township furnished for the World War.

# High-Bred Cows

## Healthy and Sanitary—Regularly Inspected

"The Cow in the Pantry"

## Van Camp's Milk

The Finest Milk  
Produced  
In America

The Result of 20 Years  
of Expert Effort to  
Produce a Super-Grade

Van Camp Products Co.  
Indianapolis, Ind.

## Milk That Is Safe

The Van Camp experts have spent twenty years in perfecting milk production.

Now we have seven condenseries—model plants—in great dairying districts.

The dairies are sanitary. The cows are high-bred. They are regularly inspected.

Then this clean milk is sterilized after sealing. So it comes to you germ-free. For drinking and for infants you want milk that is safe.

## Double-Rich Milk

All we do is to evaporate over half the water at low heat in a vacuum. Nothing is added, nothing else subtracted.

It comes to you like thick cream. You can dilute it even for coffee and ice cream. For drinking you add at least an equal part of water. For cooking you may add more. You simply replace the water.

## Ever At Your Call

In Van Camp's you have the finest milk in America ever at your call. It costs less than bottled milk. You have small cans and large cans, so you open what you want.

There is no waste. You never have too much milk, and you never have too little. So this rich, safe milk, with all its convenience, is also economical.

Get a few cans from your grocer. Compare it with the milks you know. You will be surprised at the ideal milk the Van Camp methods bring you.

## SIGNAL CORPS MEN NEEDED

Chance is Offered For Service With Organization in Siberia.

There is urgent need of qualified men for the Signal Corps, U. S. Army, for service with the American Expeditionary Forces in Europe and Siberia and on the Mexican border. The class of men needed are radial operators, telephone operators, telegraph operators, telephone and telegraph linemen, as well as electricians and wiremen, both inside and out.

The enlistment period is for three years, unless you have had previous service. Men with previous service may enlist for one year and be sent to either France, Siberia or the border, as they may wish. Qualified men enlisting for this without prior experience, who enlist for three years, will be sent to either of the three places which they desire.

**MADE WAR ON HAMMOND**  
Indianapolis, Ind., Aug. 30—1 During the recent strike of foreign born employees of the Standard Steel Car Company at Hammond, a news vender misunderstood a glaring headline on a paper which said: "Troops ordered to Hammond". He sold his paper by shouting: "United States declares War on Hammond".

Telephone Your Ads---2111

This page is read eagerly by over 5,000 readers daily. It is invaluable for merchants, farmers, professional men and all progressive people.

OUR RATES

All advertisements, except display, are charged for at the rate of one-half cent per word for each insertion.

We earnestly solicit these advertisements by telephone and expect payment when the collector calls. Ads mailed in should be accompanied by the remittance, as the amount is generally too small to justify bookkeeping.

Cards of Thanks and Obituaries are charged for at the same rate, minimum charge 25 cents. No charge accounts opened.

CLASSIFIED ADVERTISEMENTS ARE NOT TAKEN AFTER 10:00 A. M. FOR PUBLICATION ON THE SAME DAY.

Some Builders May Get Left

**PLANNING** to build? Better order your materials now so you'll be sure of getting them. Shipments to us are slow now and we don't expect railroads to be able to bring us the materials needed for the deluge of fall building. Bumper crops and winter's coal supply are yet to be hauled and they get preference.

Right now our stocks are complete, and we are keeping shipments coming. But demands may exceed our supply. For our own protection we urge that you

INSANE HOSPITAL FOOD PRICES ON DECREASE

13 of the 38 Main Things Have Been Lowered in Price in the Last Year.

OTHERS OFFSET THE LOSS

Indianapolis, Ind., August 30—Thirteen of thirty-eight main articles of subsistence used in the Central Indiana hospital for the Insane were bought at lower prices during the present fiscal year than last, according to Dr. George Edenharter, head of the institution.

Prices of the remaining twenty-five articles increased so greatly that their increase offsets the reduction on the other articles. This is one reason state institutions now are short of funds, he said.

Barley shows the greatest reduction according to a table compiled by Dr. Edenharter, this commodity having dropped 28.7 percent. Hominy was next for a reduction of 22.3 percent. Irish potatoes went down 6.9 percent, beans 3.1 percent, meal 2 percent and graham flour 0.7 percent.

On the other hand advances were recorded on beef, eggs, butterine, crackers, milk, tea, figs, prunes, cheese, canned peaches, evaporated peaches and coffee. The last named jumped 87 percent.

### Farm Light and Power

Here is a 40 light plant that you will like—for its economy and utility. Touch a button to start it and another to stop.

The low speed engine with ball bearing dynamo assures long life—less attention—lowest possible maintenance cost. The 40 light "F" farm outfit comes completely mounted on one base with the famous throttling governor "Z" engine which also gives mechanical power to operate a washing machine—cream separator—churn—or other machines independent of the dynamo, either direct or through a line shaft. Unquestionably the biggest value in the farm lighting field—and you get the added advantage of mechanical power.

Come in and see this plant and let us prove its reliability point by point.

Tris Becomes Playing Manager of Cleveland Indians Despite Trail Left Behind Them

IS POPULAR WITH THE FANS

Indians Trotting Along in Fairly Fast Company With Renowned Outfielder Leading Them

New York, Aug. 30.—Tris Speaker has become playing manager of the Cleveland Indians, despite the long trail left behind them by Nap Lajoie and Joe Birmingham.

Tris became leader of Jim Damm's entry for the American league pennant because he was popular with fans and players. Everybody, it seemed, wanted Spoke to jump in and manage a ball club like he can hit. So he did after a vain fight against acceptance of such a post.

Well, that was why Nap Lajoie became manager of the old Cleveland Blues. The fans and players wanted him. There never was a more popular player anywhere. His hitting and graceful fielding at second base did, it just as Speaker's hitting and graceful fielding turned the trick for him. Why, Lajoie became so popular they even changed the team's name. They began to call it "Naps," the team stuck a long time.

Then there came trouble. The Blues slumped and slumped. Finally in sheer self-protection Charlie Somers had to pick a new manager, who turned out to be another player—Joe Birmingham. And Joe did a fine job of it. He had his team fighting to a pennant for a brief spell and then the jealousies got in their work again. Joe stepped out of the way—and Lee Fohl, who had been a coach, took his place, holding it until the demand for Speaker was satisfied.

Fohl, so experts would have us believe, never was cut out for a major league manager. He doesn't rule strongly enough, it is contended, and made some errors that had the Cleveland club floundering where it should have been winning.

Speaker could take a lesson from Fohl's managers, but he apparently is willing to take his chances, and it must be admitted the Indians are trotting along in fairly fast company with the renowned outfielder leading them.

Playing managers, it seems, are becoming all the rage again. Gavy Cravath, although doing most of his labor on the bench, still is regarded as a Philly player and often hits in the pinches.

There are rumors that George Stallings will be succeeded by a famous player.

Headquarters of the Executive Committee Are Established in Indianapolis.

NO POLITICS TO BE INCLUDED

Teams of Workers to be Organized Under the Assistant Chairman in Each Locality.

Indianapolis, Ind., Aug. 30.—Headquarters of the State Executive Committee of the Roosevelt Memorial Association were established in Indianapolis today at Room 207 Hume Mansur Building, with Carl B. Fritzsche of Indianapolis, in charge as campaign director. Mr. Fritzsche was active in organization work for the State Council of Defense during the first year of the war and later was national field organizer for the United States Employment Service under the department of labor.

"The organization of Indiana for participation in the Roosevelt Memorial Campaign during the week of October 20-27 will be conducted along the same non-partisan lines as prevailed in the State Council of Defense activities," said Mr. Fritzsche. "Politics will not enter in as a factor in choosing personnel. Citizens of Indiana without regard to political faith will be invited to join in this movement. The state executive committee is fortunate in numbering among its members such prominent democrats as former Senator Thomas Taggart, Leonard Clore of Franklin, State Senator Jos. M. Cravens of Madison, Samuel M. Foster and Mrs. Alice Foster McCullough of Fort Wayne, Samuel T. Murdock, Albert Sahn and Meredith Nicholson of Indianapolis. It is hoped that in perfecting the county organizations, each local chairman will be governed by the same commendable broadminded policy as prevailed in the choice of the state executive committee. This will assure universal participation by the large majority of citizens in doing honor to that great exponent of courageous Americanism, Theodore Roosevelt. Not that he needs any monument to make secure his place in history, but that America needs a memorial as a symbol to inspire future generations of Americans to a more unselfish devotion to their country's highest good."

The conduct of the campaign will be based on a standard plan of operation. The executive head, William C. Bobbs, will be assisted by Mr. Fritzsche and by the state executive committee, which consists of twenty-six members. Working under him will be a chairman in each county and in each large city, who in turn, will have assistant chairmen in each township and precinct. Teams of workers will be organized under the assistant chairmen in each locality, their function being to provide a channel through which contributions from Roosevelt's friends and admirers may flow. No pressure will be brought to bear on anyone but everyone will be given the opportunity to contribute if he so desires.

"The affairs of the Memorial Association," said Mr. Bobbs, "are strictly free from politics and will be so conducted that every citizen, regardless of political faith, may contribute without embarrassment or reservation. Judging from the many letters received from admirers of Colonel Roosevelt, pledging hearty cooperation, the organization work for the campaign will proceed rapidly and the quota for Indiana will be largely oversubscribed."

Prominent among the letters received is one from General Omar Bundy, who won fame at the battle of Chateau Thierry and Belleu Wood who writes, "I shall consider it an honor to participate in furthering the movement of the Roosevelt Memorial association. While my residence in Indiana is of necessity only a nominal one, still please be assured that I wish to serve in any way that I can." Mr. Bobbs in his reply to General Bundy, who is now stationed at Camp Lee, Petersburg, Va., said, "I take advantage of this opportunity of reminding you that even though your residence in Indiana may be only a nominal one, still all Hoosiers are proud to claim you as a citizen of this state. The

Roosevelt Memorial association honors itself in having your name added to the list of those who would perpetuate the memory and ideals of Theodore Roosevelt.

Capt. Raymond B. Springer, of Connersville, president of the Indiana branch of the American legion, pledges his services in any way they may be desired. "It will be a pleasure," he says, "to participate actively in this cause. Under the guidance of Colonel William Boyce Thompson as National President of the Memorial association, I feel that our work will be accomplished in the same spirit that he, whose memory we will perpetuate, would desire that it should be done. It is a high honor to serve on the state executive committee."

### RAIL STRIKE ENDED TODAY

Tie-up Broken 7 Hours Before Government Ultimatum Expired

(By United Press.)  
San Francisco, Cal., Aug. 30.—California's rail strike had ended today. Action taken in Los Angeles seven hours before the government's ultimatum expired, made it unnecessary for the federal authorities to put into effect their threat to operate the trains, beginning at 7 a. m., today.

Every preparation had been made by the railroad administration, however, to run the trains and hundreds of deputies had been sworn in to protect property.

### TWO OPERATIONS TODAY

Earl Morton and Mrs. J. E. Spradling underwent operations at Dr. Frank H. Green's hospital today for the removal of their tonsils and both were reported to have recovered nicely from the effects of the operations.

## H. C. L. PROBE INDICTMENTS NUMBER 100

Five Cold Storage Firms, Three  
Packers and Five Commission  
Houses Are Accused.

FOR VIOLATING STATE LAWS

Indiana Statutes Provide Foodstuff  
Shall Not be Kept in Cold Stor-  
age More Than 9 Months.

SOME HELD FOR 23 MONTHS

Apples, Cheese, Pork, Potatoes and  
Other Produce Found in Indi-  
anapolis Storage Houses.

(By United Press.)

Indianapolis, Ind., Aug. 30.—Five cold storage firms, three leading packers and five commission houses of Indianapolis were indicted today by the Marion county grand jury in the first report on the high cost of living investigation.

Approximately 100 indictments were returned, alleging violation of the Indiana cold storage law and the state health law, which provides that foodstuff shall not be kept in cold storage for more than nine months and requiring a stamp on the article showing the date of storage.

This action was based on an investigation conducted by Claude Worley, special investigator of the police department.

An indictment against the Indiana Refrigerating company alleges that 8,000 pounds of cheese has been in storage since November 1, 1917, while the sky has gradually become its limit on cheese prices.

It is charged that the cheese had been in cold storage 23 months in violation of the Indiana law which prohibits storage longer than nine months.

That thousands of pounds of pork bearing no storage date, as required by law, as well as tons of potatoes and other produce was found here, it was charged in the indictment.

It is alleged in the indictments that there were more than 1,845 bushels of apples in storage at the plant of the Indiana Refrigerating company without date of storage, and also 395 barrels of apples with no dates on them.

Almost every kind of food that could be stored is listed in the indictments, which do not attempt to go into full details.

Following is a list of the firms indicted: Indiana Refrigerating company; the Holt Ice and Cold Storage Co.; the Crescent Packing company; Armour and Co., local packers branch; Bessire and Co.; the Meier Packing Co.; The Kingan Co.; Geo. Hitz and Co.; E. F. Shidler and Co.; Frank Hartsock and Co.; the James Keach Co.; Bessessi Brothers commission house.

### SUPERVISOR NAMED

Washington, Aug. 30.—The secretary of commerce, upon the recommendation of the director of the census, has appointed Arthur W. Taylor, of Laporte, Laporte county, as supervisor of census for the thirteenth supervisor's district of Indiana, in place of Frank C. Polant, who declined appointment. The appointments for the remaining districts of Indiana have been named.

### FORMER SOLDIERS MEET

Goshen, Ind., Aug. 30.—Former soldiers of Elkhart county—veterans of all wars—were to meet here today for a picnic. W. F. Medsker, Cambridge City, department commander of the G. A. R. and Past National Commander-in-Chief Orlando A. Summers, of Kokomo were to address the assemblage.

## TO INVESTIGATE RIOTING

Wayne County Grand Jury Called to  
Probe Strike Trouble.

Richmond, Ind., Aug. 30.—William A. Bond, judge of the Wayne county circuit court here, issued a call yesterday afternoon for a special session of the Grand jury to investigate rioting that took place Thursday night in connection with a strike of molders at the plant of the Richmond Malleable Castings Company. The call was made on the request of Gath P. Freeman, the prosecuting attorney, who said that he would make an effort to fix responsibility for the destruction of property. A large number of witnesses are to be summoned.

## FARMERS AGITATED BY BREAK IN MARKET

Further Decline in Hog Prices To-  
day Makes Net Loss of \$2.25  
In Indianapolis This Week

BELOW \$20.00 LEVEL TODAY

Farmers were considerably agitated today when the news was received and passed from mouth to mouth that hog prices had declined fifty cents again, bringing the market below \$20.00 in Indianapolis for the first time in several weeks. The net loss in prices in Indianapolis this week alone has amounted to \$2.25. General sales today were at \$19.50.

Many farmers are of the opinion that the steady decline in the market is due to the agitation to reduce the high cost of living, and that the market will recover.

There is a class of farmers, who had made arrangements for public auctions of their personal property, who regret that they set the date so early, because of the belief that the market will get better. They argue that they could have sold their hogs in Indianapolis earlier and received a much better price than they are likely to get at their sale.

Stock raisers attribute the break in a measure to the panic among farmers who have rushed their hogs to market before they were ready, fearing that the price would go even lower.

## RETURNED SOLDIER DIES OF PERITONITIS

William Meyer, Age 23, Who Was  
Discharged Three Months Ago,  
Expires Early Today

SERVED COUNTRY OVERSEAS

William Meyer, a returned soldier, died early this morning at his home in Williamstown, death being caused from peritonitis, of which he had been ill only two days. Meyer was 23 years of age and was very well known in this county, being the son of James Meyer, a farmer of southern Rush county.

The deceased saw active service in France, and had only been discharged three months. He was in good health up until day before yesterday, when he was taken ill, and death resulted about 1:30 o'clock this morning. Besides his father, he is survived by two brothers. The funeral services will be held Sunday afternoon at the All Saints Church in Williamstown and burial will be made in the cemetery near there.

### SENATE CONFIRMS PALMER

Washington, Aug. 30.—In an executive session, which lasted two hours and a half, the senate last night without a record vote confirmed the nomination of A. Mitchell Palmer to be attorney general.

## CITIZENS AROUSED BY FAIR GAMBLING

Public Aroused by Methods of Free  
Fair Association in Conduct-  
ing Exhibit This Year

NEWSPAPERS ARE QUOTED

Judging From Stories, It Seems to  
Have Been State Meeting of  
Association of Easy Marks

W. H. Blodgett, staff correspondent of the Indianapolis News, writes in the News today of the astounding conditions at the Fayette county free fair at Connersville last week which were repeated at the Shelby county fair at Shelbyville this week. The prevalence of gambling devices which were in the majority among the concessions, was the subject of comment by many Rush county citizens who attended both fairs. Mr. Blodgett says:

The whilom visitor to Connersville soon discovers that this fair of placid cheerfulness is dreadfully agitated. The conscience of the public has been outraged by the board of managers of the Free Fair Association, who turned the concessions of that institution over to some sons of Belial, who supplied a lot of persons from Fayette, Union and other counties with a fine assortment of noiseless soup spoons and pie stretchers, and who brought gambling face to face with many of Connersville's staid citizens.

The free fair is an original Fayette county institution. Seventeen years ago James E. Roberts, of Indianapolis, gave the city of Connersville about eighty acres of land close to town. A fair association was organized and something new was started. It was a free fair. There are no gates and no admission was charged. It has been a wonderful success, but now the seventeenth annual session that has

Continued on Page Three

## SUGAR SUPPLY AGAIN WILL BE PLENTIFUL

Prospect of Limit on Sales Being  
Removed Early Next Month Be-  
cause of State Allotment

275 CARS PROMISED FOR SEPT.

There are prospects of the limit on sugar sales being lifted by the end of next week, according to word today from Stanley Wyckoff, federal sugar distributor for Indiana, to the effect that the sugar equalization board has allotted 375 cars to Indiana for September and that the first fifteen cars are now on their way from New York and Philadelphia refiners.

Canning has been delayed in many Rush county homes through inability of consumers to buy more than five or ten pounds of sugar at a time. Local dealers believe that the shortage was brought out by rumors of a shortage in July and the early part of August, which caused many thrift persons to hoard up a big supply.

In the meantime state supply for domestic use and for canners is restricted to two carloads of war department sugar from Fort Sill, Okla. The first of these cars arrived in Indianapolis last night and another is expected today or Monday.

From the 150,000 pounds in these two cars Mr. Wyckoff has set 60,000 pounds aside for Indianapolis home canning. Receipts of 250,000 pounds of war department sugar in the last week has been the means of saving between \$2,000,000 and \$3,000,000 worth of foodstuffs in Indiana canneries, Mr. Wyckoff estimates.

## NO DAMAGE DONE BY COOL WEATHER

Many Observers Are of Opinion That  
Low Temperatures Have Not  
Hurt The Crops

CORN NOT 'OUT OF THE WOODS'

It is Comparatively Safe and Gives  
Prospect of Good Yield—Frost  
Would Hurt Vegetables

What effect the cool weather of the past few days has had on the crops has been a matter of some comment lately. Leading agriculturists are of the opinion that the atmosphere, with its strong flavour of grigidity, has not done the least damage.

The corn crop, while it is not "out of the woods" is comparatively safe while fruit is in such condition as not to be subject to harm by an ordinary frost. The corn crop gives exceptionally promise of a banner yield.

A heavy frost before the middle of September would, however, play havoc with the vegetable crop. Beans, cucumbers, sweet potatoes, tomatoes, etc., would be ruined by Jack Frost's pincers.

According to the government weather prognosticators, the cool spell is now practically over and a recurrence is hardly to be anticipated, at least for a few weeks.

Many householders have lately dragged out extra covers from attic archives and some have lighted the fires under hot water heating boilers. Not that the weather was so cold but the change was so sudden and severe to cause more or less shivering.

There are quite a number of folks hereabout who still believe in signs as prophecies and the weather of the next few weeks will be given a close scrutiny, the better to formulate predictions of "mild" or "stormy" winter.

## WILL TAKE UP BOND PETITIONS VERY SOON

State Tax Commissioners Will  
Probably Act on Four From Here  
in Next Few Days.

INFIRMARY IS AMONG THEM.

Indianapolis newspapers announced today that the state board of tax commissioners would turn its attention within the next few days to bond petitions, which indicates that four petitions from Rush county, which are pending, will be acted upon.

One of these is for permission to issue bonds in the sum of \$95,520 to build a new county infirmary and the other three are for road bond issues.

No one seems quite certain how the board will act on the infirmary petition. Much opposition to the plan to spend so much money on a new building, has developed in the county, and the state board is aware of this, but whether this will be considered as a factor by the board is not known. The board has made known that its policy is to keep down large bond issues to prevent increases in county expenditures next year. For this reason the petition of the county commissioners provides that the first of the county infirmary bonds shall not fall due until 1921.

The road bond petitions are: For \$36,960 to build the Power cement road north of Rushville to the Jackson township line; for \$10,640 to build the Luther Hungerford road on the Rushville-Walker township line, and for the Moore road in Richland township.

## JOSEPHINE MESLING DIES

Wife of George Messling Expires  
Late Friday of Pueral Fever.

Mrs. Josephine Mesling, age 36, wife of George Mesling, died late yesterday afternoon at her home in East Fifth street, death being caused from pueral fever, following child-birth. The infant son was buried a week ago yesterday, and the mother was in a serious condition all week, with little hopes for her recovery. The deceased is survived by two children, Bertha and William, and the husband. Funeral services will be held Monday morning at nine o'clock at the St. Mary's Catholic church and burial will be made in Cavalry cemetery.

## PERSHING REFUSES TO TESTIFY TODAY

Gives as Reason That it is Impos-  
sible to Unpack Records of A. E.  
F. on Eve of Departure.

BLAND ISSUES STATEMENT

(By United Press.)

Paris, Aug. 30.—General Pershing refused today to testify before the congressional committee inquiring into America's war expenditures in France.

Following Pershing's refusal to testify, Congressman Bland, Indiana, chairman of the committee, issued a statement declaring that his action was a typical example of the war department's indifference and its contempt for the wishes of the people.

Replying to Bland, Pershing said he had no desire to conceal the records of the American Expeditionary Forces which were open in every way. He added, however, that on the eve of his departure for home it would be physically impossible to grant the committee's request as it would be necessary to unpack records relating to the affairs of the American Expeditionary Forces.

## ONLY INTERVENTION WILL AVERT STRIKE

President Believed to be Only Per-  
son Who Can Prevent Walkout  
by Union Steel Men.

NO REPLY FROM JUDGE GARY

(By United Press.)

Washington, Aug. 30.—Intervention by the president today appeared to be the only thing that will avert a strike of union workers in the steel industry if they attempt to carry out their threats.

The time limit given Judge Gary, head of the United States Steel Corporation for reply to the last letter of the steel workers' committee requesting a conference, had expired without a reply being received.

Early today when a reply was still lacking, John Fitzpatrick, head of the committee, declared there was nothing more to be done.

President Gompers presented the case of the steel men to the president along with an outline of the general labor situation yesterday.

### NEW \$50,000 PLANT FOR OIL

Elkhart, Ind., Aug. 30.—The Standard Oil company will erect a new plant at a cost of \$50,000. It will be as artistic structure of steel and concrete with brick facing. The depot will include a warehouse, a garage and an office.

### NEW REVOLT IN BUDAPEST

London, Aug. 30.—A new revolution has broken out in Budapest, it was reported today in a dispatch from Amsterdam through the Central News agency.

## ASSESSMENTS OF TWO ARE CHANGED

Carthage Board and Paper Co. is  
Valued at \$232,500 For Taxa-  
tion Purposes by State Board

A REDUCTION OF \$257,500

Milroy Drain Tile Co. Increased  
From \$11,200 to \$25,000—Report  
on Corporations Today

The assessments of the Carthage Board and Paper company and the Milroy Drain Tile Co. were the only ones in the county which were changed by the state board of tax commissioners, according to an announcement today by the state body, of the appraisements which had been reduced or increased below or above the figures certified to them by the county board of review.

Since the Carthage and Milroy concerns' assessments were the only ones from Rush county in the list received by the county auditor today, it is presumed that all other corporation assessments were left at the figure fixed by the Rush county board of review.

The state board assessed the Carthage corporation at \$232,500 and the local board fixed the taxable value at \$490,000, which is a reduction by the state board of \$257,500. The Carthage concern was assessed at \$28,000 last year. The Milroy company's assessment was raised from \$11,200 to \$25,000, an increase of \$13,800.

The combined taxable value of the fourteen corporations in the county is \$974,500, as finally fixed by the state board, which represents an increase of \$332,950, counting two corporations which were not in existence on March 1, 1918. The increase amounts to something like eight hundred percent.

Last year's assessments of corporations, and this year's as finally passed on by the state board, are as follows:

Carthage Board & Paper company, \$232,500 this year and \$28,000 last year.

Pitman and Wilson, \$6,000 this year, not in existence March 1 last year.

Rushville Glove company, \$50,000 this year, \$9,000 last year.

Knecht Clothing company, \$12,000 this year, \$3,500 last year.

Arbuckle and company, \$25,000 this year, \$5,000 last year.

Pinnell-Tompkins Lumber company, \$115,000 this year, \$10,000 last year.

The R. H. Jones company, \$35,000, not in existence March 1 last year.

Weeks Fresh Meat and Provision company, \$8,000 this year, \$1,200 last year.

Park Furniture company, \$100,000 this year, \$11,500 last year.

Chas. E. Francis company, \$86,000 this year, \$13,900 last year.

Innis-Pearce company, \$220,000 this year, \$43,000 last year.

Rushville Furniture company, \$40,000 this year, \$8,000 last year.

Milroy Drain Tile company, \$25,000 this year, \$4,000 last year.

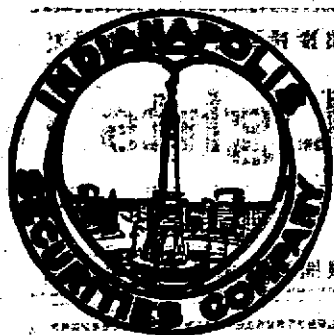

Republican company, \$20,000 this year, \$4,450 last year.

While the new tax law provides that no taxing unit may have a rate to exceed \$1.50 on the hundred dollars unless permission is given by the state tax board, a municipality may raise the same amount of money next year as was derived from taxation this year, according to members of the state tax board.

This explanation is taken to mean that Rushville may have a tax rate in excess of \$1.50 on the hundred dollars in 1920, if it is required to raise the same revenue as was used this year. There is every reason to believe, however, that the city tax rate will not be much above \$1.50.

## NO ACTION ON PLUMB PLAN

Gompers Says: A. F. L. Executive Council Will Examine Scheme

Washington, Aug. 30.—Samuel Gompers, president of the American Federation of Labor today, announced that the executive council had decided that the federation will take no stand at this time with regard to the Plumb plan. A sub-committee has been appointed to examine all facts and submit advice to the federation on the Plumb plan and report to the executive council on the entire matter.

## COAL PRODUCTION MOUNTS

Terre Haute, Ind., Aug. 30.—Production of coal by Indiana mines for the week ended August 23rd was 314,282 tons. This was the greatest amount for any one week this year with the exception of the week ended January 11, and is the first week for several months in which orders have been sufficient to permit the operation of the various mines in the Indiana field at more than half capacity.

## RESERVATIONS TO CAUSE A STRUGGLE

Republican Views Vary Widely and Will Produce Controversy Next Week, it is Predicted

## MANY REVISIONS ADOPTED

One to Prevent American Members of Commissions From Acting Without Being Instructed

Washington, Aug. 30.—A sharp struggle in the senate foreign relations committee over the form of treaty reservations when the subject is taken up early next week was forecasted here today.

Republican views on reservations vary widely.

Democrats are taking no more part in reservation-making, but adoption of textual amendments they oppose to the limit of their voting power.

With but one more amendment in sight, reservations will come up early next week and the committee hopes to get the treaty reported by Wednesday or Thursday.

The one amendment yet before the committee is that of Senator Fall's, striking out the labor clauses. The committee adopted three others late yesterday, thus nearly cleaning the slate of textual changes proposed.

An amendment to the peace treaty, providing the United States shall have as many representatives as the British Empire on the league of nations assembly, was adopted late yesterday by the Senate foreign relations committee.

The vote was 9 to 8, Senator McCumber, Republican, North Dakota, standing with the Democrats against the amendment. The provision as framed would not reduce the six votes held by Great Britain and its dominions on the assembly, but simply would provide that the United States have equal representation. The amendment was the first to be adopted by the committee relating to the league covenant. It was presented by Senator Johnson, Republican, California.

The amendment also contains the same provision regarding the league council, the effect of which would be to offset the possibility that Great Britain and one of her dominions might be represented on the council at one time. In the council there are to be nine members, one from each of the five big powers and the others from small states to be selected from time to time.

Under the amendment the following provision would be inserted in the covenant:

"That when any member of the league has or possesses self-governing dominions or colonies or parts of empire which are also members of the league, the United States shall have votes in the assembly or council of the league numerically equal to the aggregate vote of such member of the league and its self-governing dominions and colonies and parts of empire in the council or assembly of the league."

The committee also adopted two other amendments providing that the American representatives on the reparation commission shall vote only when specifically instructed to do so by this government and that none of the British dominions may take part in deciding a dispute under the league to which one of them is a party.

The reparations amendment was proposed by Senator Fall, Republican, New Mexico, and the other by Senator Moses, Republican, New Hampshire. The vote in each case was 9 to 8 the Democrats and Senator McCumber voting in the negative.

The Moses amendment followed a

# School Days

¶ The end of the vacation period is near, and the boys and girls will be going back to the school again; some start next week and others a week later.

¶ Make the right kind of a start, with your personal appearance registering 100 per cent. The right kind of clothes don't mean new ones; but everyday clothes thoroughly renovated and cleansed by the process offered by the Twentieth Century Cleaners and Pressers, will insure the right kind of personal appearance.

¶ The 20th Century Cleaners and Pressers are prepared to take care of all school work, for the little tots to the college students, and those living in Rushville may phone 1154 and they will call for the package. Country patrons may bring, send or mail them, and the work will be gotten out promptly.

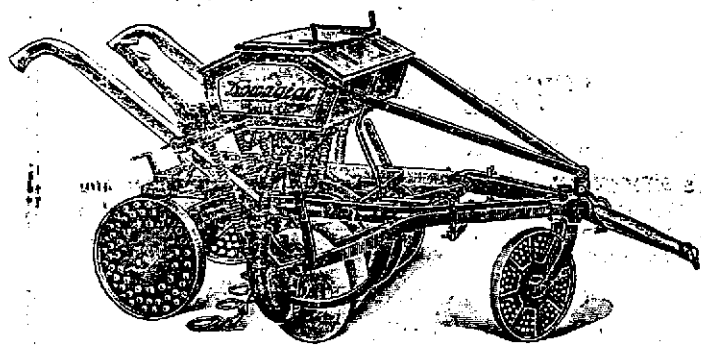

On account of the heavy export business all feeds have been advanced to record prices.

## Acme Pig Meal

At the present price, is 10 per cent higher than a year ago whereas corn has advanced about 33 per cent and hogs about 30 per cent in the past year. Therefore ACME PIG MEAL IS FED at a greater profit today than a year ago, in fact it is fed at a profit of 20 per cent more today as compared to hogs today.

## Dowagiac Steerable One-Horse Disc

They are SELF-GUIDING and follow the horse perfectly on short turns or between crooked rows without guiding from the rear. They are STEERABLE without lifting by the operator. Pressure on one of the handles or the operator shifting his position, when riding on the box immediately changes the course to that side.

They are ADJUSTABLE both as to width of rows and as to depth of sowing.

They are UNIFORM depositors of seed by means of independent and adjustable spring pressure on each disc.

They are CONVENIENT in transportation to and from the fields. One lever raises the discs and the drill is carried on the castor wheel in front and the drive wheels in the rear.

Spradling and will remain over Sunday.

—Joe Miller will spend Sunday in Cincinnati and will witness the Pittsburgh-Cincinnati ball game.

—Mr. and Mrs. S. H. Trabue and Mr. and Mrs. Bert Trabue and daughter left this afternoon for a stay of several days at Martinsville.

—Mrs. John Knecht Mrs. Bert Mullin and Mrs. Jack Knecht spent Thursday in Newcastle as the guests of Mrs. Roll Miller, who formerly lived here.

—Mr. and Mrs. Don Goodson and daughter Helen and son Joseph will go to Milton, Ind., this evening to be the Sunday guests of Mr. and Mrs. John Grubbs.

—Mrs. Joe Miller and children Mildred, Franklin and Marguerite, leave this evening for Warsaw to spend a few days, the guests of her sister, Mrs. Scott Conde.

—Mrs. Ben Oster has gone to Clinton, Ind., for a visit and will be joined next Tuesday by her husband, when they will go to Paris Lake, Ill., for a ten days' stay.

—Miss Katherine King and Miss Janet Beck of Franklin, Ind., will return to their home this evening after being the guests of Miss Lavina Compton for the past week.

—Mrs. Fanny Study has returned from an extended visit with her sister, Mrs. N. E. West of Denver, Col., and Mrs. H. G. Porterfield, of Omaha, Neb. Miss Marjorie Thomas, who spent the summer with her mother, Mrs. Porterfield, accompanied Mrs. Study as far as Indianapolis, and is visiting there.

### ASSESSMENTS OF TWO ARE CHANGED

Continued from Page One  
if any, providing no more revenue is raised. This would be a great reduction because the rate this year is \$4.00 a hundred.

And it is estimated by county officials familiar with the situation, that the net taxables of the city will be close to \$9,000,000, with the increases put on by the state board and the corporations unchanged. It will probably be several weeks before the rate is definitely known because of the necessity of increasing all personal property schedules. The city council next month will take up the question of making a budget for next year and at that time it will be determined whether the city will need any more revenue this year than last.

### CITIZENS AROUSED BY FAIR GAMBLING

Continued from Page One  
just ended will go down in history as the toughest that ever happened. There were 116 concessions at the fair. Of these ninety were gambling joints, shows of doubtful nature and all the inventions of vice and sin that could be crowded on one lot.

A vivid description of conditions at the free fair is given by Ned Tattman in his paper, the Connersville News:

"Fayette county claims to be a law abiding county, and the free fair means to keep its chin above the muck as it swims on. This year—with full respect to the sagacity and the broad-mindedness of its management—it came most perilously near to letting its chin drop into the muck, and of swallowing about forty gallons of the same. The free fair has been a sort of miracle among fairs. For years it has kept the tenor of its way. It has grown in popularity until its name is a proverb, and its plan is a pattern for others far and wide. Its continuance, assuredly, depends upon the adherence to the principles of hon-

esty and decency. For the sake of its permanency and good name, and for the sake of the memory of its revered founders, it is most earnestly to be hoped that never again will such a gang of cut-throat gamblers—such a crowd of thieves, disguised as concessionaires—such a layout of law-breakers and rapscallions, licensed but none-the-less scoundrels and reprobates—be unleashed upon the public, wittingly or unwittingly, at the beginning of the present free fair. It is but truth to say that the repetition of such a blunder—to call the thing by the mildest name it deserves—would promptly bring the free fair into ill favor at home and disgust abroad—not to mention the chance that state law would swoop down and bring the whole arrangement into crying shame."

This denunciation is all the more severe because it comes from one of the founders of the free fair, and its present treasurer, but Ned Tattman is a newspaper man first, and does not hesitate to call things by their right names.

From stories told since the fair, it seems to have been a state meeting of the Association of Easy Marks. A gang of grafters from Chicago, guys with "go get 'em" faces and sporty waistcoats, to whom the squal of suckers is sweet music, certainly did trim them and trim them right. Just how much they carried away is not known, for those who went against the sure thing games didn't tell—they knew they were trimmed and just let it go at that.

### STORM CAUSES DAMAGE

Lorient, France, Aug. 30.—The coast of Brittany for miles north and south of here was strewn with wreckage during a great storm yesterday. At Locqueltas a lifeboat and wreckage, apparently from an American merchant ship, were washed ashore. The name of the boat could not be deciphered. The storm was abating today.

### PASENGERS GET SCARE.

Passengers on the Shelbyville division of the I. & C. were given a bad scare yesterday when a car jumped the track while going down the incline at the east end of the Fairland viaduct. The car threatened to upset, but was finally stopped and no one was hurt. A split rail caused the accident.

### Days Pickings

A marriage license was issued this afternoon to Earl Sanford Vogel and Eva Rebecca Mercer, both of this county.

Mrs. Robert Miller who was operated on at the Dr. Green's hospital Wednesday for the removal of tonsils and adenoids, is improving.

Mrs. John R. Patterson, who has been seriously ill at the home of her daughter, Mrs. Frank Schrieche, in East Fifth street, was reported today as being very low.

Anna May Megee, little daughter of Mr. and Mrs. Edwin Megee was operated on at the Green hospital yesterday for the removal of adenoids and tonsils. She is reported to be getting along nicely.

The county clerk issued marriage licenses yesterday afternoon to the following: Alfred Paul Newhouse, son of Mr. and Mrs. Alva Newhouse, and Elsie Marie Frazee, daughter of Mr. and Mrs. William O. Frazee and this morning a license was issued to Thomas S. Foster, son of Mr. and Mrs. Charles Foster and Ethyle Beatrice Bagley, daughter of Mr. and Mrs. Louis Bagley.

### TO RUSSIANIZE RAILROADS

Plumb Plan is Denounced by Judge Lovett of Union Pacific

(By United Press.)

New York, Aug. 30.—The Plumb plan is an effort to Russianize American railroads and apply to them the Soviet system, according to Judge Lovett, head of the Union Pacific railroad.

In an interview with the United Press today, Judge Lovett characterized the Plumb plan as an assault upon American institutions which the mass of railroad employees as well as citizens fail to understand.

### INVENTS NEW CRUTCH

Sydney, (By Mail)—A new crutch for the use of those injured in the war, designed to prevent crutch paralysis, has been invented by two Sydney mechanics. The new device, it is expected, will be adopted by the military authorities.

**Full Powers Granted**

Senator Fall, Chairman of the subcommittee that has been appointed to look into Mexican affairs, has prepared a resolution giving his committee ample authority to make a full investigation. Under its terms persons, books, and papers can be sent for; witnesses compelled to attend and testify; oaths administered; hearings held; the committee may travel to such points as may be deemed necessary; and interpreters and stenographers may be employed. The thoroughness with which Mr. Fall has made his preparations presages and unrelenting effort to get at the true facts regarding our relations with Mexico and present them to the American people.

**Another Money Saver**

Renewed interest is being awakened in the printing reform bill that has been pending in congress for several years. It has passed one house or the other at various times; but has always failed to receive the approval of both houses in the same congress. The majority in the present congress has taken hold of it in earnest and intend to put it through in the very near future. Under its terms the present system of assigning a certain number of each public document to every senator and congressman would be abolished, and an annual money credit for each member substituted. Against that credit documents could be drawn according to their value until it was exhausted. At present a New England senator is compelled to accept documents relating to the underground waters of Utah, or the Results of Spirit Leveling in Arizona, for which his constituents have no use. Under the new scheme he would have the privilege of selecting only those for which he received calls. Senator Smoot, chairman of the joint committee on printing, has worked for the reform for many years, but the control of legislation by opponents has always accomplished its defeat. His efforts now have promise of success.

By BERT MOSES

Most all of us wish we had some other given name.

Many women lie a size or two when asked about their shoes.

Experience teaches a lot of things that textbooks don't.

Simplicity is and always has been the keynote of real happiness.

Men who do much work of one kind can do it quicker, better and for less money.

If costs keep on getting bigger one remedy will be to crazy like Nebuchadnezzar and eat grass.

Hez Heck's wife says: "The easiest thing in the world is to get a man and the hardest thing is to hold him."

litionists will shortly fall upon tobacco. The use of tobacco is not conducive to good health, they say. At all events, this is true of its abuse.

We fear there is only too much accuracy in this reasoning. The abuse of tobacco is, unquestionably, harmful. It is even poisonous. And if the widespread use of an article is a prelude to widespread indulgence in it, the correct attitude of every discerning citizen is beyond discussion. The use of the article must be entirely suppressed.

We wish to declare its position in no uncertain terms. Every influence that threatens national health must be abolished, and if tobacco is harmful, tobacco must go.

So must the corset. Many specialists in hygiene have analyzed the effect of the corset on the female organs and their verdict is "thumbs down". We hardly claim to be an arbiter in the debate concerning feminine costume, but it claims, at least, the merit of consistency. If tobacco and corsets are endangering public health, we demand a death sentence upon them. Also upon the high-heeled shoe. Also face powder. The medical profession has long ago declared itself.

And these are only the beginning of our list; but there is not space in one editorial to tabulate the whole. In succeeding weeks we hope to enumerate all the things that must be abolished—if the use of a thing and its abuse are identical. The condemned items to be listed are multitudinous, but if we live long enough we hope to catalog them all.

One excellent way to reduce the high cost of living is to read the ads in this paper regularly and take advantage of the special offerings that are made each week. Pennies thus saved will soon grow into dollars.

At least one good result has come out of the war up to date. American designers of women's gowns are coming to the front and Paris styles are rapidly being relegated to the rear. We protest, however, that this does not necessarily indicate that the Paris product is too modest for the ultra-socialized American taste.

Uncle Sam has received a good many jolts in his day, but he generally manages to land on both feet with his head up.

Everybody is handing old Hi Cost a kick—except the fellow who gets the dough.

**ATTA BOY**

Michigan City, Aug. 30.—Warden Forgaty of the state prison here tells a story about a prominent politician from South Bend donning the stripes during a ball game among the convicts; "just to put some pep into the boys".

Swaggering into the ball lot, the politician assumed a "hard" expression and leaned against the wall. A lantern-jawed member of the uniformed throng guessed the politician was a "new bird". After careful scrutiny he sauntered slowly up to him and sotto voce said: "Wat sub in ter, bo?"

"Beaned a guy."

"Atta boy."

**CASTOFFS REPORTED TO HAVE DONE WELL**

Dick Rudolph Was Tossed Off by The Giants and so Were Stock and Marquard

**DEMPSEY LEAVES BUSINESS**

New York, Aug. 30.—It was Dick Rudolph who was mainly responsible for the Braves' roughshod treatment of the Giants in 1914.

Milton Stock had quite a little finger in the 1915 pie the Phillies cut.

In 1916, Rube Marquard had something of importance to do with the winning of a pennant by the Dodgers.

In 1917, Eddie Cicotte ruffled the Red Sox by hefting the White Sox into a world's championship.

What's it all about?

Nothing much, except that Dick Rudolph was tossed off by the Giants, and so were Stock and Marquard. Cicotte was spurned by the Red Sox in the past ages. And Bill Rariden, Heinie Groh, Eddie Ransoh and Slim Sallee, now championing for Cincinnati, were blown off by the Giants.

The Giants paid \$40,000 for Arthur Nehf—or so it is claimed. Judged by that, what is Babe Ruth worth?

Nehf lost his first two starts for the Giants, although he pitched fairly well in both pastimes. Boht games were vital in the averages of the floundering New Yorkers. In one of them the Reds punched him full of holes and elimed out another game.

Jack Dempsey has left the socking business flat and is uplifting the circus, where Jess Willard left off.

And only a few short months ago he was promising to defend his title whenever a worthy opponent appeared.

Perhaps Willie Meehan isn't worthy in the eyes of Dempsey, but he holds a couple of decisions over the world's champion, and the public would like to know how about it. Also, there is Billy Miske.

**MILLIONS SUFFER FROM ACID STOMACH**

**THE GREATEST REMEDY ON EARTH—ACID IRON MINERAL.**

Millions of people suffer year after year from ailments affecting practically every part of the body, never dreaming that their ill health can be traced directly to acid-stomach. Here is the reason: poor digestion means poor nourishment of the different organs and tissues of the body. The blood is impoverished—becomes weak, thin, sluggish. Ailments of many kinds spring from such conditions. Biliousness, rheumatism, lumbago, sciatica, general weakness, loss of power and energy, headache, insomnia, nervousness, mental depression—even more serious ailments, such as catarrh and cancer of the stomach, intestinal ulcers, cirrhosis of the liver, heart trouble—all of these can often be traced directly to acid-stomach.

Keep a sharp lookout for the first symptom of acid-stomach—indigestion, heartburn, belching, food repeating, that awful painful bloated after eating, and sour, gassy stomach. ACID IRON MINERAL, the wonderful modern remedy for acid-stomach, is guaranteed to bring quick relief from these stomach miseries. Thousands say they never dreamed that anything could bring such speedy relief—and make them feel so much better in every way. Try ACID IRON MINERAL and you, too, will be just as enthusiastic in its praise. Make your life worth living—no aches or pains—no blues or melancholy—no more of that tired, listless feeling. Be well and strong. Get back your physical and mental punch, your vim, vigor and vitality. You will always be weak and ailing as long as you have acid-stomach. So get rid of it now by taking ACID IRON MINERAL. Also call for A I M Pills and take one every night until stomach, kidneys and liver are relieved.

For sale by F. E. Wolcott, Drug-gist.

Manufactured by the Ferrodine Chemical Company, Roanoke, Virginia. R. J. Cassidy, manager for the State of Kentucky and the State of Indiana. Adv.

**GOVERNMENT GIVES AID IN REEDUCATING MEN**

Government Agencies Cooperate in Vocational Rehabilitation of Men Disabled in War.

**WORK IN MOST PATRIOTIC WAY**

Washington, August 30.—The Federal Civil Service regulations as amended by an executive order of the President place upon the Federal Board for Vocational Education the responsibility of testing, training, and certifying to the United States Civil Service Commission disabled soldiers, sailors and marines who desire to enter Civil Service employment. The amended regulations permit the fullest cooperation of government agencies with the Federal Board, in the vocational rehabilitation of men disabled in the war against Germany.

Everybody desires to cooperate with the Federal Board in the discharge of its duties to men disabled in the service. Individuals and private institutions are working with the Federal Board in a most patriotic way. The Government Departments have been desirous of lending full cooperation. This is now possible because of the removal of certain restrictions and the arrangements for meeting this changed situation worked out by representatives of the Federal Board and the United States Civil Service Commission.

The Federal Board propose to discharge its obligations under the amendments to the Civil Service regulations through cooperative arrangements with the Government Departments and through the expert advice, counsel, and assistance of Government officials and employees.

**Our Daily Laugh**

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

J. Albert Spiffins had been arrested by farmers for killing chickens, dogs and other impedimenta as result of his modest pace of one hundred miles an hour in a red-devil car. On October 3, when hunting season was on, he suddenly turned Hickory Corners, saw a farmer with a gun and a dog far ahead. He had opportunity to avoid the man but the dog was caught amidstships and was hurled through a hedge and disappeared. J. Albert, foreseeing possible hanging, jumped out of his car, rushed back to the armed man who silently awaited him, thrust money in his hand and said:

"The dog's worth no more than twenty-five dollars. There's thirty. Lemme alone! Good BYE!" And he disappeared at the usual rate of one hundred per. The farmer idly counted the money and just then the dog, jarred and bewildered, straggled through the hedge and hotfooted it for home. The farmer yelled after him:

"Hey, dog! Tell whoever owns you that you're a money maker if he knows how to use you."

**CASH PRIZE OFFER:** A prize of \$1.00 will be awarded each contributor of a joke to OUR DAILY LAUGH which we accept. Only new jokes, those never before published, are considered. Contributions will not be returned unless stamped envelope, bearing your address, is enclosed. Mail stories to contest editor, Daily Republican.

## MAN FROM SUDAN LIKES THE RAIN

In Sudan it Never Sees the Rain and  
Servant Thinks That it is a Won-  
derful Thing.

PRAISES ENGLAND HIGHLY

In Crude Fashion Speaks to King,  
But Can't Help Commenting About  
The Big Shadow Caused by Rain

(By United Press.)

London. (By Mail)—"All rain—  
no sun. It ees fine!"

So said the servant of the Sudan-  
ese chief who presented the sword  
of submission to the King. Most  
Englishmen would feel inclined to  
punch a foreigner's head for ex-  
pressing such a sentiment, for it has  
a ring of sarcasm about it; but this  
was an optimistic young man in  
white robes, with a bright smile and  
a passion for the English climate.  
Like others, he had never seen any-  
thing like it, but, unlike the major-  
ity, he had sufficient imagination to  
appreciate its advantages.

"In Sudan—all sun," he contin-  
ued. "And Sudanese run to shadow.  
No work—sit in shadow. England  
—land of shadows. Work all day.  
Strikes? Ah, strikes! Perhaps be-  
cause too much work? No sun to  
stop work—strikes instead.

"Sacred sword to the great king?  
Yes, I have heard of it. My master,  
son of Mahdi, gave it to great king.  
Where it come from? I do not  
know. I am not sure. Some say  
Heaven. Some say Spain. All men  
lie. I am not sure.

"Yes, it is keen. It is sharp. It is

gold at the handle. The great mah-  
di, father of my master, he used it.  
Many heads bowed to it. It is in-  
deed sharp.

"London! There is so much of  
it. I do not know. But the weather  
is fine. I would not live here be-  
cause I would lose my destination.  
But I would take away the weather  
with me—the soft rain and the cool  
shadows. Then our corn would  
grow as high as sycamores. You  
would like me to take it away? Your  
beautiful rain! The shadows that do  
not burn?

"Truly the English are a great  
people. They live in heaven and do  
not like it. Only gods are tired of  
heaven."

This is, perhaps, the most original  
complimentary speech ever made to  
a King of England.

Despite its unconscious aspers-  
ions on this climate it was greatly  
appreciated by all Englishmen who  
heard it.

### COUNTY NEWS

#### Richland Township

Mr. and Mrs. James Martin will  
move to Rushville the first of next  
week.

Elmer Ryon of Milroy spent Sun-  
day and Monday with his parents,  
Mr. and Mrs. John Ryon.

Mr. and Mrs. Verne Lewis and  
Mr. and Mrs. Ed George and family  
motored to Dayton, Ohio, Wednes-  
day, where they visited the Soldiers  
Home, The Delco Light factory and  
the aviation fields.

Mr. and Mrs. John Darter and  
family spent Thursday evening with  
Mr. and Mrs. Lewis Golay.

Eddie Ryon will work for Arthur  
George until after corn shucking.

Mr. and Mrs. John F. George and  
Mrs. Roscoe George and daughter  
Opal of Fairmount returned home  
Saturday after a two weeks visit  
with Mr. and Mrs. Verne Lewis.

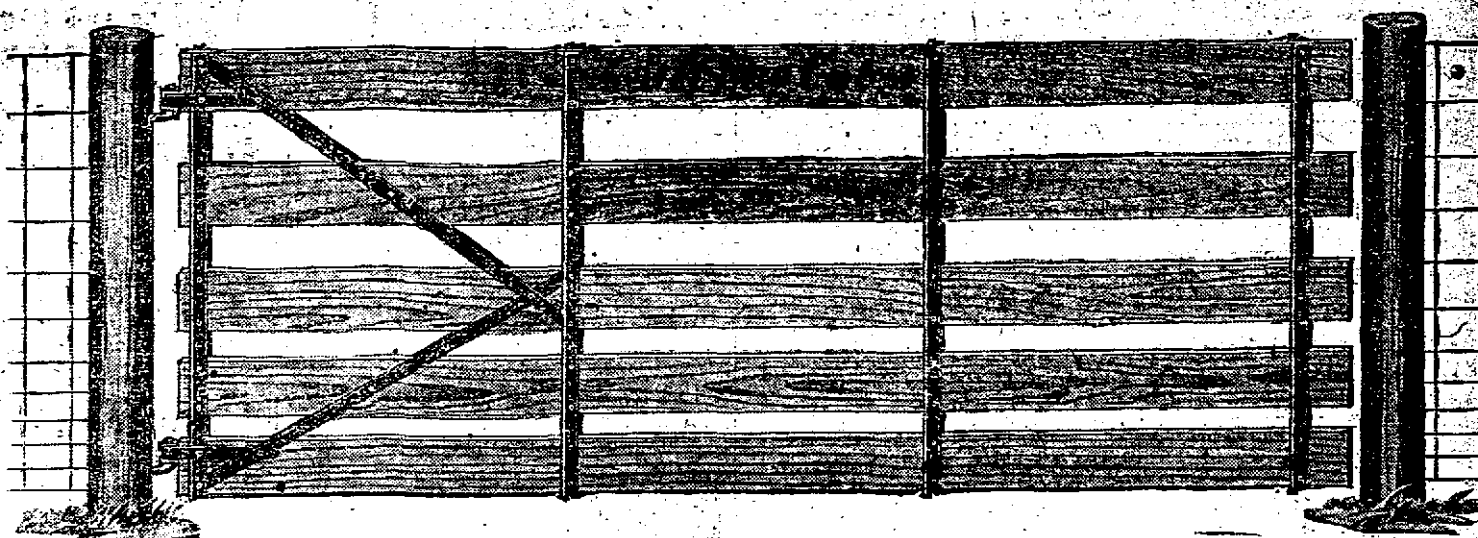

Mr. and Mrs. Leslie Miller and  
family returned home Thursday  
from Petoskey, Mich., where they  
spent ten days with Mrs. Miller's  
father, James Mercer of New Sam-  
lem.

Walter Patton and Fred Goddard  
were visitors at Indianapolis Wed-  
nesday.

Mr. and Mrs. James Martin, Mr.  
and Mrs. Tom Helman and Dr. and  
Mrs. Carter Metcalf and family  
were guests of Mr. and Mrs. Verne  
Lewis Sunday.

Mr. and Mrs. Melvin Miller and

# CAR LOAD GATES

**Pinnell-Tompkins Lumber Co.**

Cleo Emsweller were returning home  
from Rushville Saturday night in a  
Ford machine when their lights went  
out causing the machine to run into  
a fence. It turned over but both  
occupants escaped injury.

#### Blue River and Vicinity

Some of the people in Sumner  
went to the Wesleyan conference at  
Fairmount.

Mr. and Mrs. J. W. Zike are ill  
at their home here.

Emerson Barnard suffered a pain-  
ful bruise to his hand one day last  
week. He went to the hospital in  
Indianapolis where he received  
treatments for the injury. He has  
returned home and is feeling some-  
what better.

Mr. and Mrs. E. C. Maey and  
daughter Fay visited at Indianapolis  
a few days last week.

Mrs. Ella Hays of Nebraska is  
visiting relatives in this vicinity.

Mr. and Mrs. Shirley Maey are  
the parents of an eleven pound boy,  
born the 22nd of August.

Mr. and Mrs. Otis Folger of Rich-  
mond, Ind., are the parents of a  
baby girl. They have named it Vir-  
ginia Rose.

The Rev. and Mrs. F. H. West-  
hafer visited their son in Newcastle  
Monday and returned Tuesday.

A number of people attended the  
Miller reunion which was held at  
the M. E. church in Arlington Wed-  
nesday. The Rev. F. M. Westhafer  
gave a talk in the afternoon.

The members of the M. E. church  
of Arlington voted for the Rev. J.  
L. Brown as delegate to the elector-  
al conference and Mrs. Ruth Eaton  
as lay delegate.

### Amusements

#### House Peters at Mystic.

House Peters, who needs no intro-  
duction to photoplay "fans" has a  
role ideally suited to his manly  
physique, sympathetic personality  
and versatile talents in "The For-  
feit," a Frank Powell-Sunset pro-  
duction showing at the Mystic thea-  
ter today. Jane Miller, a beautiful  
and charming southern girl, is fea-  
tured with Mr. Peters, the story be-  
ing ideally suited for co-stars.

A picturization of Ridgewell Cul-  
lom's famous romance of the cattle  
country of Southern Texas, "The  
Forfeit" tells the story of a self-  
made cattle millionaire who gives  
all his love to one woman, marries  
her, and then discovers that she had  
been the wife of his younger brother,  
rumor saying that she also be-  
trayed him to his death as a cattle  
thief.

How the skein is untangled brings  
"The Forfeit," one of the most dra-  
matic stories of the day, to a happy  
ending.

#### "The Virtuous Thief"

Enid Bennett, the charming Para-  
mount star, is a stenographer in her  
latest picture, "The Virtuous Thief,"  
which will be shown tonight at the  
Empress. In an effort to save from  
prosecution her brother when he  
stole money from his employer and  
to shield the family name, she leaves  
her sheltered life and goes to work  
as a typist for the man from whom  
her brother stole. Her employer

proves a scoundrel who is leading a  
double life. He tries to take ad-  
vantage of the brother's guilt in or-  
der to force his attentions on the  
girl, but is foiled. Later he is mur-  
dered, and suspicion points toward  
the girl typist, but she is happily  
cleared.

Several good comedy scenes form  
welcome contrast to the tense dra-  
matic quality of the picture as a  
whole. Enid Bennett does excel-  
lent work as the heroine, while  
Niles Welch, as a bashful lover, Wil-  
lis Marks as an old fashioned  
Southern gentleman and William  
Conklin as the lecherous broker are  
well cast for their parts.

The comedy on tonight's bill will  
be a Chaplin classic, "Shanghai,"  
which even though it has been seen  
here before, will never grow stale,  
as an audience can see many new  
things in a picture the second time,  
that it never saw the first time.

### Big Lot of Hay Fever Jokes

But Kentucky Man Says—"People Who  
Belong to Hay Fever Colony are  
Kidding Themselves."

Wouldn't Be Any Rose or Hay  
Fever if Simple Home Rem-  
edy Was Given a Chance.

"Yes, there's a real NINETY-NINE  
per cent effective remedy for hay  
or rose fever," frankly states a drug-  
gist in a prosperous Kentucky city.  
"But I don't expect anyone to be-  
lieve me, because the treatment is so  
easy and the cost not worth mention-  
ing."

"The annual crop of hay-fever jokes  
would be mighty scarce if people  
would get an ounce of Mentholized  
Aerine and by just adding water that  
has been boiled make a pint of liquid  
that will prove a real help to all who  
suffer."

"Many of my hay-fever friends tell  
me that by starting to gargle and  
snuff or spray the nostrils a few times  
a day the expected severe attack often  
fails to appear and in cases where it  
does show up is very mild and does  
not annoy."

"The Better Class of Pharmacists"  
who dispense Mentholized Aerine say  
it will greatly modify any attack even  
when taken three or four days after  
hostilities begin.

Go to a real live druggist when you  
get ready to make a pint.

### 7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of  
Over-Indulgence in Tobacco or  
Alcohol or by Excess of Any Kind,  
Bio-Feren Is What You Need  
Right Away.

Don't grow old before your time,  
don't let nervousness wreck your hap-  
piness or chances in life. The man  
with strong, steady nerves is full of  
vigor, energy, ambition and confidence.

You can have nerves of steel, firm  
step, new courage and keep mind by  
putting your blood and nerves in first-  
class shape with mighty Bio-Feren, a  
new discovery, inexpensive and effi-  
cient.

Men and women who get up so tired  
in the morning that they have to drag  
themselves to their daily labor will in  
just a few days arise with clear mind,  
definite purpose and loads of ambition.

All you have to do is to take two  
Bio-Feren tablets after each meal and  
one at bedtime—7 a day for 7 days—  
then reduce to one after each meal  
until all are gone.

Then if your energy and endurance  
haven't doubled, if your mind isn't  
keener and eyes brighter, if you don't  
feel twice as ambitious as before, any  
druggist anywhere will return the pur-  
chase price—gladly and freely.

## CUT THE HIGH COST OF LIVING By baking your own bread from CLARK'S PURITY FLOUR

One barrel of 196 pounds will make 283 loaves of bread, which  
at 10c each would amount to \$28.30. CLARK'S PURITY  
FLOUR retails at \$13.60 per barrel, then the housewife who  
bakes her bread will save \$14.70 per barrel, less the seasoning  
and fuel for baking; hence a long step in the direction of re-  
ducing the high cost of living would be accomplished.

## C. G. Clark & Sons

## "Why I am a success at Feeding Hogs"

"I enjoy feeding swine. I use 'up to date' feeds; good quality  
hogs; modern feeding methods, and I don't work myself to  
death." That's what a successful hog feeder told us. He feeds  
Fat Back Hog Feed.

Lest you forget what analysis F. B. contains, here it is:—Protein  
18 per cent, Fat 4 per cent, carbohydrates 58 per cent and Fibre  
not over 10 per cent.

Remember Fat Back carries plenty of tankage and O. P. Linseed  
Oil Meal, also other good feeds mixed. Get hep to Fat Back and  
carry your big feeding results on your hip to bank.

## WINKLER GRAIN CO.

RUSHVILLE, INDINA.

# PUBLIC SALE

We will have a Cleaning Out Sale on the A. L. Gary farm, situated on  
Beaver Meadow, 2 miles west of Arlington. 2 miles east of Gwynneville, 5  
miles north of Manilla. 6 miles south of Carthage, on

The annual reunion of the Wilson and Gregg families was held Thursday afternoon at the home of Lee Wilson, east of Rushville. About 70 members of the two families were present, and a pitch-in dinner was served for all of the guests. No definite program was arranged, but a social day was spent.

Mr. and Mrs. Lewis Bagley announce the marriage of their daughter, Miss Beatrice to Thomas S. Foster, son of Mr. and Mrs. Charles Foster, which took place this morning at ten o'clock at the Main Street Christian church parsonage. The young couple left immediately for a short wedding trip through the east.

One hundred members of the Hunt family held a reunion in the city park yesterday and enjoyed a bountiful pitch-in dinner. In the afternoon a program consisting of readings and songs was given and a business session was held. G. P. Hunt was elected president for another year and Arron Holden was elected secretary. The annual affair will be held in Indianapolis next year.

A quiet wedding was solemnized at the home of Mr. and Mrs. W. O. Frazee at 833 North Harrison street last evening at eight-thirty o'clock, when their daughter, Elsie Marie, was united in marriage to Alfred Paul Newhouse, son of Mr. and Mrs. Alva E. Newhouse, of this city, by the Rev. John T. Aikin, pastor of the First United Presbyterian church. The young people were school mates, having graduated from the Rushville high school in 1917. The bride had charge of the Commercial course in the high school at Madison, Ind., during the school year of 1918-19 and was re-elected by the school board for the year of 1919-20. The bridegroom is employed by the I. and C. Traction company at Shelbyville, Ind., where they will be at home to their friends after a short wedding trip.

Miss Ruth Martin entertained Thursday evening, at her home northeast of the city, a number of her friends with an informal party. The evening was spent in games, contests, music and dancing. Vern Duncan, Carl Dolan, Mary Duncan and Clifford Patton were the winners of the contests. At a late hour dainty refreshments were served. Those enjoying the affair were La Vern Bishop, Georgia Hunt, Margaret Smith, Florine Hinchman, Ava Ging, Mary Duncan, Mary Patton, Velma McClure, Ruby Ertel, Naomi Newhouse, Sylvia McCrory, Magdalene Arbuckle, Marian Carney and Lays Rees, Guy Sweet, Vern Duncan, Aaron Laughlin, Horace Kehl, Floyd Vickrey, Wendell Ging, Vern Freeman, Clifford Patton, Lavern Newkirk, Sam Kirkpatrick, Russell

Bell, Frank Lightfoot, Carl Dolan, Mr. and Mrs. Thomas Martin and Mr. and Mrs. Fred Martin and family.

## AUTO BRAKES FAIL TO WORK ON A HILL

Machine in Which Eber Oldham and 14-Year-Old Daughter Were Riding Balances on Cliff's Edge

### AN ACCIDENT NEAR WESTPORT

Greensburg, Ind., Aug. 30.—Eber Oldham, a member of the Decatur county council, and his fourteen-year-old daughter, had a narrow escape from death yesterday when their automobile stalled on a hill at the Scripture bridge, near Westport, and crashed back into the bridge, when the brakes failed to work.

The car went through a guard railing and hung in the balance over the creek, sixty feet below. The fact that Mr. Oldham gave the wheel a sudden turn probably saved the car from plunging over. Neither Mr. Oldham nor his daughter was injured and the car was only slightly damaged.

Several years ago a workman fell from the Scripture bridge and was instantly killed.

## WILL SEE GAME ON SUNDAY

Many Fans Going to Cincinnati For Red - Pittsburg Game.

With Cincinnati still in the lead in the race for the pennant in the National League, many Rushville baseball fans will go to Cincinnati tomorrow on the excursion to see the game which will be played between the Reds and the Pittsburg team. No doubt there will be just as big a crowd at this game as there was at the Giant game, as it only a one day stand, and Cincinnati has not played at home for over a week. On Monday the Reds go on the road again and will return the following Monday. The game today was played in Pittsburg, and the fans at Cincinnati will all turn out tomorrow to see the home team in action again. Many local fans are already making arrangements to attend the world series, which looks sure for Cincinnati now.

## SEVERAL KILLED IN RIOTS

Postoffice at Ludwigshaven, Bavaria, Is Stormed by a Mob

Berlin, Aug. 30.—Armed with revolvers and hand grenades, throngs of rioters at Ludwigshaven, Bavaria, stormed the postoffice today. Several persons were killed in the fighting. Later troops occupied the postoffice and stopped the telegraph and telephone service.

Banks have been closed in the fear of further trouble and it is also feared a general strike will be declared.

## ANNOUNCES 'OPEN HOUSE'

Republican State Committee Will Entertain Next Week

The Republican State Central Committee of Indiana has hit upon a novel plan to observe open house. So many Hoosiers go to Indianapolis the week of the state fair that it has been decided to hold a special reception for men and women at their headquarters at the Severin Hotel from 7:30 until 10 the evening of Wednesday, September 3, and from 10 until 12 noon, Thursday, September 4.

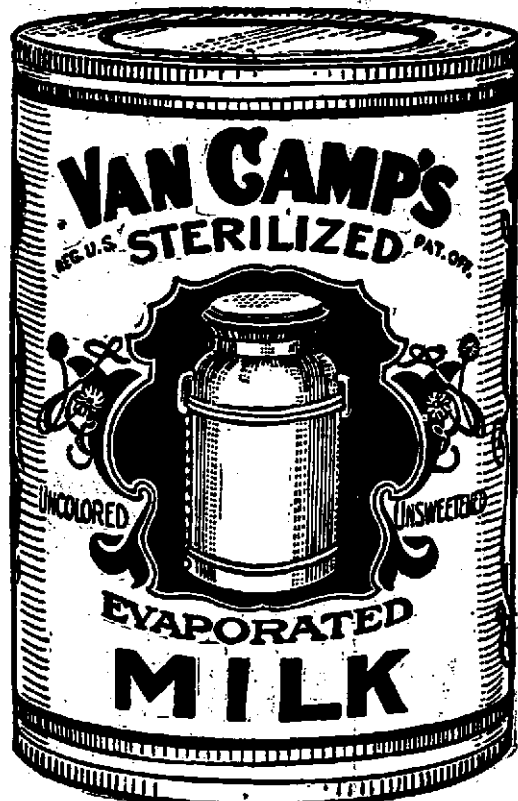

Officers and members of the committee will be present at that time to greet republicans from over the state. All republicans who go to Indianapolis during the week are urged to visit republican headquarters.

### TOWNSHIP HONORS SOLDIERS.

Brazil, Ind., Aug. 30.—Attired in their "Sunday best" farmers of Jackson township, Clay county went on strike today. They deserted the threshing machine and hay rack and migrated to a grove where they had a big basket dinner for the 120 soldiers whom the township furnished for the World War.

# High-Bred Cows

## Healthy and Sanitary—Regularly Inspected

"The Cow in the Pantry"

## Van Camp's Milk

The Finest Milk  
Produced  
In America

The Result of 20 Years  
of Expert Effort to  
Produce a Super-Grade

(Van Camp Products Co.  
Indianapolis, Ind.)

## Milk That Is Safe

The Van Camp experts have spent twenty years in perfecting milk production.

Now we have seven condenseries—model plants—in great dairying districts.

The dairies are sanitary. The cows are high-bred. They are regularly inspected.

Then this clean milk is sterilized after sealing. So it comes to you germ-free. For drinking and for infants you want milk that is safe.

## Double-Rich Milk

All we do is to evaporate over half the water at low heat in a vacuum. Nothing is added, nothing else subtracted.

It comes to you like thick cream. You can dilute it even for coffee and ice cream. For drinking you add at least an equal part of water. For cooking you may add more. You simply replace the water.

## Ever At Your Call

In Van Camp's you have the finest milk in America ever at your call. It costs less than bottled milk. You have small cans and large cans, so you open what you want.

There is no waste. You never have too much milk, and you never have too little. So this rich, safe milk, with all its convenience, is also economical.

Get a few cans from your grocer. Compare it with the milks you know. You will be surprised at the ideal milk the Van Camp methods bring you.

## SIGNAL CORPS MEN NEEDED

Chance Is Offered For Service With Organization in Siberia.

There is urgent need of qualified men for the Signal Corps, U. S. Army, for service with the American Expeditionary Forces in Europe and Siberia and on the Mexican border. The class of men needed are radial operators, telephone operators, telegraph operators, telephone and telegraph linemen, as well as electricians and wiremen, both inside and out.

The enlistment period is for three years, unless you have had previous service. Men with previous service may enlist for one year and be sent to either France, Siberia or the border, as they may wish. Qualified men enlisting for this without prior experience, who enlist for three years, will be sent to either of the three places which they desire.

**MADE WAR ON HAMMOND**  
Indianapolis, Ind., Aug. 30—During the recent strike of foreign born employees of the Standard Steel Car Company at Hammond, a news vender misunderstood a glaring headline on a paper which said: "Troops ordered to Hammond."  
He sold his paper by shouting: "United States declares War on Hammond!"

TRY A WANT AD

# Horatio S. Havens

## "Some Shoes"

## New creations in Shoes

Brown, Mouse, Gray, Beaver and Black. French and military heels, the prettiest goods shown in years. Prices are right for the quality of merchandise.

Children's School Shoes in good ones. Prices are a little higher than last year, but not enough to break anyone.

Some Builders May Get Left

PLANNING to build? Better order your materials now so you'll be sure of getting them. Shipments to us are slow now and we don't expect railroads to be able to bring us the materials needed for the deluge of fall building. Bumper crops and winter's coal supply are yet to be hauled and they get preference.

Right now our stocks are complete, and we are keeping shipments coming. But demands may exceed our supply. For our own protection we urge that you

INSANE HOSPITAL FOOD PRICES ON DECREASE

13 of the 38 Main Things Have Been Lowered in Price in the Last Year.

OTHERS OFFSET THE LOSS

Indianapolis, Ind., August 30—Thirteen of thirty-eight main articles of subsistence used in the Central Indiana hospital for the insane were bought at lower prices during the present fiscal year than last, according to Dr. George Edenharter, head of the institution.

Prices of the remaining twenty-five articles increased so greatly that their increase offsets the reduction on the other articles. This is one reason state institutions now are short of funds, he said.

Barley shows the greatest reduction according to a table compiled by Dr. Edenharter, this commodity having dropped 28.7 percent. Hominy was next for a reduction of 22.3 percent. Irish potatoes went down 6.9 percent, beans 3.1 percent, meal 2 percent and graham flour 9.7 percent.

On the other hand advances were recorded on beef, eggs, butterine, crackers, milk, tea, figs, prunes, cheese, canned peaches, evaporated peaches and coffee. The last named jumped 87 percent.

### Farm Light and Power

Here is a 40 light plant that you will like—for its economy and utility. Touch a button to start it and another to stop.

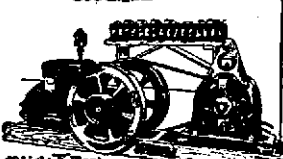

The low speed engine with ball bearing dynamo assures long life—less attention—lowest possible maintenance cost. The 40 light "F" farm outfit comes completely mounted on one base with the famous throttling governor "Z" engine which also gives mechanical power to operate a washing machine—cream separator—churn—or other machines independent of the dynamo, either direct or through a line shaft. Unquestionably the biggest value in the farm lighting field—and you get the added advantage of mechanical power.

Come in and see this plant and let us prove its reliability point by point.

### For a Pain around the Heart after Eating.

## TAKE PEPSINCO

Sometimes in front just under the heart, sometimes around under the left side, under the ribs behind the heart it's a sharp or acute pains; sometimes a dull heavy pain, leaving soreness. It's gas on the inside generated through gaseous foods, or, because of systematic inability to properly assimilate the food, this gas soon collecting, forms a lump that causes the pain. This is only one of a dozen different indications which PEPSINCO immediately relieves.—Keep PEPSINCO handy and take it the next time.

Ask your druggist—he sells and recommends Pepsinco.

Have your Automobile Body and Fenders repaired and save 50 to 70 per cent. Strictly high class work done. Special bodies and alteration work.

## SPEAKER TRYING; OTHERS FAILED

Tris Becomes Playing Manager of Cleveland Indians Despite Trail Left Behind Them

IS POPULAR WITH THE FANS

Indians Trotting Along in Fairly Fast Company With Renowned Outfielder Leading Them

New York, Aug. 30.—Tris Speaker has become playing manager of the Cleveland Indians, despite the long trail left behind them by Nap Lajoie and Joe Birmingham.

Tris became leader of Jim Dunn's entry for the American league pennant because he was popular with fans and players. Everybody, it seemed, wanted Spoke to jump in and manage a ball club like he can hit. So he did after a vain fight against acceptance of such a post.

Well, that was why Nap Lajoie became manager of the old Cleveland Blues. The fans and players wanted him. There never was a more popular player anywhere. His hitting and graceful fielding at second base did, it just as Speaker's hitting and graceful fielding turned the trick for him. Why, Lajoie became so popular they even changed the team's name. They began to call it "Naps," the team stuck a long time.

Then there came trouble. The Blues slumped and slumped. Finally in sheer self-protection Charlie Somers had to pick a new manager, who turned out to be another player—Joe Birmingham. And Joe did a fine job of it. He had his team fighting for a pennant for a brief spell, and then the jealousies got in their work again. Joe stepped out of the way—and Lee Fohl, who had been a coach, took his place, holding it until the demand for Speaker was satisfied.

Fohl, so experts would have us believe, never was cut out for a major league manager. He doesn't rule strongly enough, it is contended, and made some errors that had the Cleveland club floundering where it should have been winning.

Speaker could take a lesson from a look back over the history of the club's managers, but he apparently is willing to take his chances, and it must be admitted the Indians are trotting along in fairly fast company with the renowned outfielder leading them.

Playing managers, it seems, are becoming all the rage again. Garry Cravath, although doing most of his labor on the bench, still is regarded as a Philly player and often hits in the pinches.

There are rumors that George Stallings will be succeeded by a famous player.

For Morelock & Gary sale on Sept. 2, take local I. & C. traction car to stop 22 and walk 40 rods north. 14213

## MEMORIAL DRIVE OCTOBER 20 TO 27

Headquarters of the Executive Committee Are Established in Indianapolis.

NO POLITICS TO BE INCLUDED

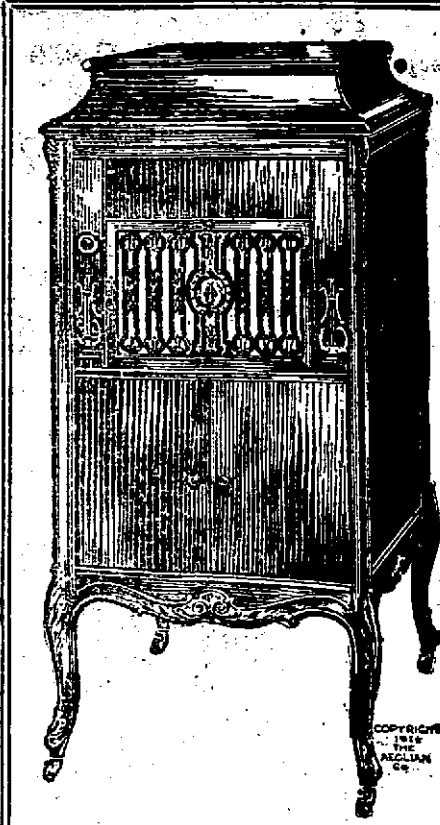

Teams of Workers to be Organized Under the Assistant Chairman in Each Locality.

Indianapolis, Ind., Aug. 30.—Headquarters of the State Executive Committee of the Roosevelt Memorial Association were established in Indianapolis today at Room 207 Hume Mansur Building, with Carl B. Fritzsche of Indianapolis, in charge as campaign director. Mr. Fritzsche was active in organization work for the State Council of Defense during the first year of the war and later was national field organizer for the United States Employment Service under the department of labor.

"The organization of Indiana for participation in the Roosevelt Memorial Campaign during the week of October 20-27 will be conducted along the same non-partisan lines as prevailed in the State Council of Defense activities," said Mr. Fritzsche. "Politics will not enter in as a factor in choosing personnel. Citizens of Indiana without regard to political faith will be invited to join in this movement. The state executive committee is fortunate in numbering among its members such prominent democrats as former Senator Thomas Taggart, Leonard Clore of Franklin, State Senator Jos. M. Cravens of Madison, Samuel M. Foster and Mrs. Alice Foster McCullough of Fort Wayne, Samuel T. Murdock, Albert Salm and Meredith Nicholson of Indianapolis. It is hoped that in perfecting the county organizations, each local chairman will be governed by the same commendable broadminded policy as prevailed in the choice of the state executive committee. This will assure universal participation by the large majority of citizens in doing honor to that great exponent of courageous Americanism, Theodore Roosevelt. Not that he needs any monument to make secure his place in history, but that America needs a memorial as a symbol to inspire future generations of Americans to a more unselfish devotion to their country's highest good."

The conduct of the campaign will be based on a standard plan of operation. The executive head, William C. Bobbs, will be assisted by Mr. Fritzsche and by the state executive committee, which consists of twenty-six members. Working under him will be a chairman in each county and in each large city, who in turn, will have assistant chairmen in each township and precinct. Teams of workers will be organized under the assistant chairman in each locality, their function being to provide a channel through which contributions from Roosevelt's friends and admirers may flow. No pressure will be brought to bear on anyone but everyone will be given the opportunity to contribute if he so desires. "The affairs of the Memorial Association," said Mr. Bobbs, "are strictly free from politics and will be so conducted that every citizen, regardless of political faith, may contribute without embarrassment or reservation. Judging from the many letters received from admirers of Colonel Roosevelt, pledging hearty cooperation, the organization work for the campaign will proceed rapidly and the quota for Indiana will be largely oversubscribed."

Prominent among the letters received is one from General Omar Bundy, who won fame at the battle of Chateau Thierry and Belleu Wood who writes, "I shall consider it an honor to participate in furthering the movement of the Roosevelt Memorial association. While my residence in Indiana is of necessity only a nominal one, still please be assured that I wish to serve in any way that I can." Mr. Bobbs in his reply to General Bundy, who is now stationed at Camp Lee, Petersburg, Va., said, "I take advantage of this opportunity of reminding you that even though your residence in Indiana may be only a nominal one, still, all Hoosiers are proud to claim you as a citizen of this state. The

Roosevelt Memorial association honors itself in having your name added to the list of those who would perpetuate the memory and ideals of Theodore Roosevelt."

Capt. Raymond B. Springer, of Connersville, president of the Indiana branch of the American legion, pledges his services in any way they may be desired. "It will be a pleasure," he says, "to participate actively in this cause. Under the guidance of Colonel William Boyce Thompson as National President of the Memorial association, I feel that our work will be accomplished in the same spirit that he, whose memory we will perpetuate, would desire that it should be done. It is a high honor to serve on the state executive committee."

## RAIL STRIKE ENDED TODAY

Tie-up Broken 7 Hours Before Government Ultimatum Expired

(By United Press.)

San Francisco, Cal., Aug. 30.—California's rail strike had ended today. Action taken in Los Angeles seven hours before the government's ultimatum expired, made it unnecessary for the federal authorities to put into effect their threat to operate the trains, beginning at 7 a. m., today.

Every preparation had been made by the railroad administration, however, to run the trains and hundreds of deputies had been sworn in to protect property.

## TWO OPERATIONS TODAY

Earl Morton and Mrs. J. E. Spradling underwent operations at Dr. Frank H. Green's hospital today for the removal of their tonsils and both were reported to have recovered nicely from the effects of the operations.
